Lac la Biche Herald

Vol. 1, No. 38 EDMONTON, ALBERTA, JUNE 25, 1949 SUBSCRIPTION $2.00 PER YEAR.

Lac la Biche Briefs

LAC LA BICHE. — Due to a disagreement Sunday the fastball game between Wandering River and Lac la Biche, the game was discontinued.

Mr. McHardy is spending a vacation with his son-in-law, Mr. Lou Badry.

The James and Reimer trucks have been hauling out equipment from the two wells, the Central and Standolin, across the lake. They have been all-day trips of hauling the heavy equipment into town. The equipment is being trucked to Edmonton.

Don Stewart is driving for Mae's Northern Transport Co. Ltd., on the Grimshaw, Great Slave Lake highway. He flew home Friday and left Saturday.

Mrs. T. Lett returned to Lac la Biche Saturday night after spending a few weeks with her daughter-in-law in Camrose.

A ring of keys was found on Main street by J. O. Sharon. Will owner please call at the RCMP for them.

Mr. Edgar Lloyd spent his holidays with his wife and family here.

Mrs. Wowk of Craigend passed away in the Lac la Biche hospital. Funeral arrangements were handled by the Lakeview Mortuary.

Rev. A. Howse and newly-wedded bride have moved into the Anglican manse.

Pete Ewanko's brother, Harry, his wife and family; Pete's sister and brother-in-law and family, the Lopushinskis and his sister-in-law, Mrs. N. Ewanko, all of Thorhild, are visitors here of Mr. and Mrs. Pete Ewanko.

Lac la Biche Leading Duck Breeding Area

Lack of moisture in southern Alberta and southwestern Saskatchewan has resulted in a marked decline in breeding waterfowl, according to a Ducks Unlimited (Canada) report released last week.

The centre of the breeding grounds has moved into central and northern Alberta, in eastern an central Saskatchewan and in Manitoba.

Ducks Unlimited officials said the migratory flight was as great if not greater than last year. The birds moved in from the south about two weeks earlier.

It is thought that 90 per cent of the waters remaining in the drought area will last through the hatching season. The first broods were observed in southern Alberta May 18.

The duck breeding population in the Peace River district and Lac la Biche-Smoky Lake areas is reported to be the highest since 1942. Ducks and geese are reported breeding in large numbers along the Athabasca delta.

FREEDOM NEWS

FREEDOM. — Laurel Bruns, Alva Donnelly and Edward Smith returned from their trip to Farm Young People's Week in Edmonton last Saturday. We hear they had a very educational week.

A few Freedom folks attended the picnic and dance at Westlock on June 15.

Mrs. R. Meyer's brother and sister-in-law were here from Edmonton visiting at Freedom for a few days.

The Willing Workers meeting was held at the home of Mrs. H. Anderson on Monday, June 13. Alva Donnelly and Laurel Bruns gave their report on their trip to Edmonton. The next meeting will be held in the hall.

The Meyers, Donnellys and Carlsons of Freedom send their congratulations to Mr. and Mrs. M. Watamanuik of Wandering River on the birth of their baby daughter.

Bowling Averages

LAC LA BICHE.—Following are the Bowling Club averages. Figures denote number of games and average.

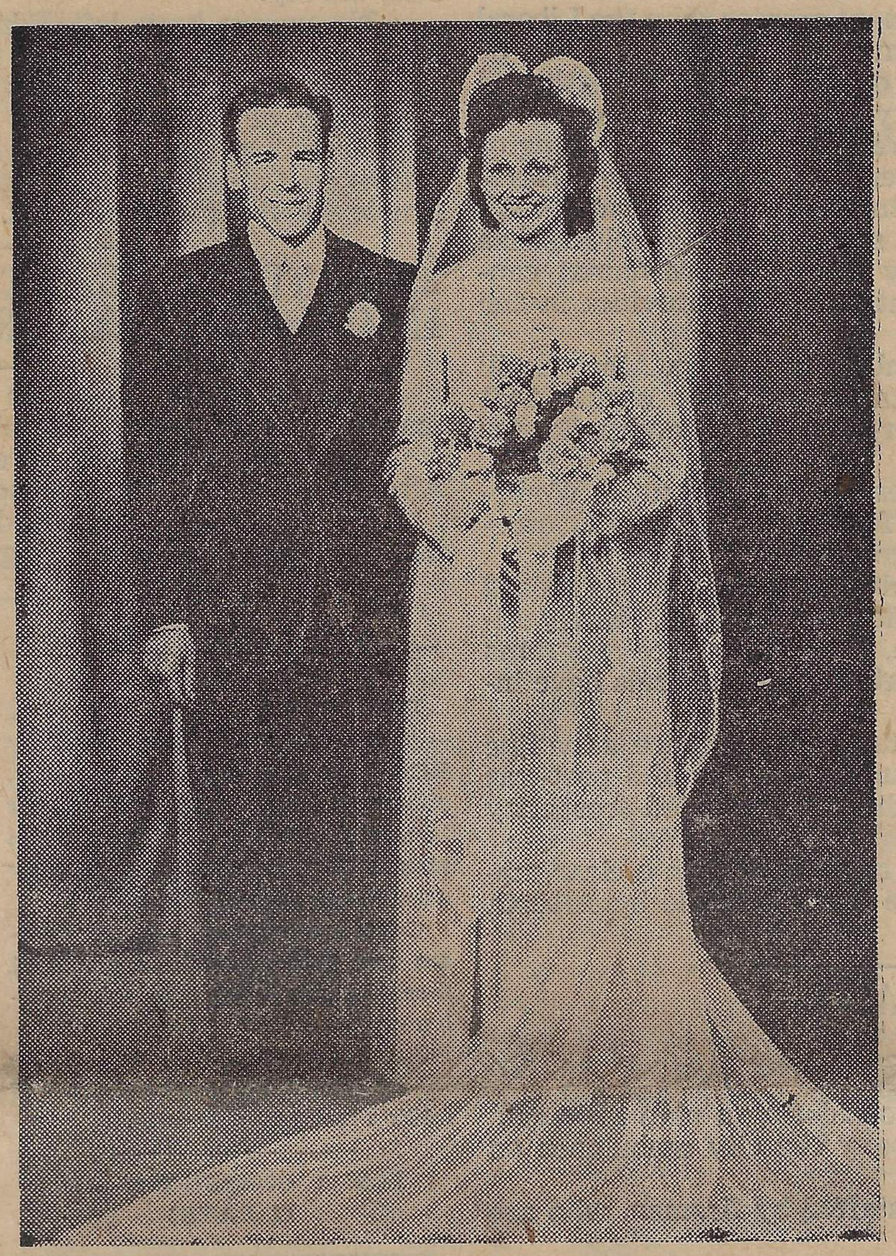

Marcelle Richard	18	164.3
Connie Shaw	16	159.1
Pearl Hayduk	18	147.6
Del Arnfinson	18	146.2
Cecelia Kilar	18	144.7
Ruth Proctor	18	144.0
Irene Badry	14	144.0
Aveleigh Brinsmead	16	137.0
Audrey Currie	6	133.0
Myra Pinkham	20	130.0
Doris Keretchuk	18	128.6
Lorraine Mitchel	15	127.2
Perini Mitchetti	20	125.3
Ethel Phillips	14	121.5
Mae Williams	14	120.6

Weather

LAC LA BICHE. — The following is the maximum and minimum temperatures for the week ending June 20, 1949, at 05:30 p.m.:

	Max.	Min.
June 14	59	45
" 15	58	42
" 16	52	40
" 17	58	41
" 18	70	39
" 19	79	44
" 20	80	53

Total precipitation for the week was 0.32 inches.

MR. AND MRS. JEROME JOHNSON married in a recent ceremony at St. Isadore's Church at Plamondon, who will make their future home in Plamondon. The bride is the former Miss Anita Bouvier, daughter of Mr. and Mrs. Armand Bouvier, and the groom is the son of Mr. and Mrs. Charles Johnson.—Photograph by Housez Studios.

Local Airport To Be Impoved

LAC LA BICHE. — A heated equipment garage to house machinery for clearing and maintaining landing runways at the Lac la Biche emergency landing field, and a house for the caretaker of the field, will be built shortly, officials of the department of transport said in Edmonton Friday.

Tenders for construction of the buildings have been called.

The field is becoming more important with the oil development in the area, one official said.

Efforts To Control Forest Fires

LAC LA BICHE. — Three forest fires in northern Alberta, one in the Lac la Biche area, 130 miles northeast of here, raged last week.

Provincial forestry officials reported that light showers aided crews which halted the advance of six other fires.

Only fire rangers have been able to make their way through the trackless bushland near Whitecourt to reach the other two uncontrolled blazes at Meekwap and Isoegun Lakes. Reinforcements are expected to reach the isolated area today. Whitecourt is about 100 miles northwest of Edmonton.

The Alaska Highway is 1,600 miles long.

St. Catherine's Hospital Notes

LAC LA BICHE.— Patients at St. Catherine's hospital June 13 to June 18.

BIRTHS:

To Mr. and Mrs. Walter Tiedemann of Grassland, a daughter on June 14.

To Mr. and Mrs. Wm. Lefebvre of Venice a daughter on June 17.

IN FOR MEDICAL TREATMENT:

Mrs. Robert Piquette of Plamondon.

Mrs. Wilfrid Dragon of Plamondon.

Eugene Bosse of Plamondon.

Mrs. Anthony Zevola of Venice.

Mrs. Aurele Dulie of Plamondon.

Mrs. Luciene Bourget of Lac la Biche Mission.

Mrs. Peter Sampietro of Lac la Biche.

Grant Coverly of Grassland had his tonsils taken out. Also Walter Yakowchuk, Grace Homenuik, Shirley Derko and Gladys Duniec, all of Grassland, had their tonsils taken out.

Alvin Dakin of Gourin had an operation for appendicitis and is doing well.

MISSION NEWS

LA LA BICHE. — Mr. Alexis Montpellier and family of Morinville were here on June 13 to visit Mr. and Mrs. E. Cloutier.

Mr. and Mrs. P. Shawb of Plamondon were here on June 14 in a business trip.

Mr. G. Albert Giguere of Edmonton was here last week on business. He was also visiting Alfred Beaudoin and Mrs. J. L. Tardif.

Emile Cloutier bought a farm five miles from the Mission. He moved the house he bought from his brother George, on to it. We wish him good luck.

Alfred Beaudoin went to Edmonton this week on a business trip.

Mr. A. Langevin of Lac la Biche and a friend were here Monday, June 13, visiting at A. Beaudoin's home.

Fred Routhier went to Edmonton on business this week.

Eugene Routhier is working for Ernest Boudreau at Atmore.

Frank Buchnel and his brother William came with their car and visited with their Dad for a few days.

The little rain we had lately will help the farmers.

Ronald Bourque is working for Mr. W. Gauthier of Plamondon.

Narcisse Ladouceur and his son are working for Ernest Boudreau at Atmore.

Leo Cloutier is doing carpentry work for Mr. W. Gauthier. He is putting up a new house on the farm.

BONDISS NEWS

BONDISS. — Mrs. William Stepanuk took her son Leonard to Edmonton to have the cast removed from his leg. He is home and fine now.

At last Bondiss has a bit of gravel on the new highway.

Mike Krumpic has the buldozer busy clearing ground for a ball diamond at the end of Skeleton lake.

Mr. Roski is in an Edmonton hospital for medical treatment. Mrs. Roski and daughter Margaret made a trip in on the bus last week-end to see him.

Mr. and Mrs. James Harris went to Edmonton to the funeral of their 3½-year-old niece, Ruthie Storey, daughter of Mr. and Mrs. Jack Storey of Lac la Biche.

Mrs. Cyril Adams had the honor of being the godmother at the christening of her niece, Lorraine, five-month-old daughter of Mr. and Mrs. Pete Bencharski of Boyle. Father Spicer attended. Many friends and relatives were present. The sermon was held at their home.

Mr. and Mrs. Alex Matzulevich have been putting new brick siding on their house with the aid of Jake Arndt and Aliza Rudakas.

There was a nice crowd at the summer resort last Sunday. Although Mike Krumpic did not open his booth, he promised to do so this Sunday.

Mr. Martin Anderson of Caslan paid Mr. and Mrs. Ellefson and family a visit last week. He is an old-time friend of many years.

COMMUNITY PUBLICATIONS of ALBERTA

T. W. PUE, Editor and Publisher

ALBERTA'S OPPORTUNITY

Political campaigners are rounding the turn for the last lap on the home stretch of the 1949 election race. Out of over 800 candidates there will be only 262 winners.

There seems no doubt but that Prime Minister St. Laurent's words to the effect that only the Liberal party has a chance to win are true. Other parties, Conservative, C.C.F., Social Credit and Labor Progressive, however, could have a combined representation in parliament greater than the Liberal party. Such a prospect is far from encouraging, for those of us who desire to see our Canada carry on with strength and unity possible only if the one party wins an over-all majority.

We must, in this campaign, avoid the muddled thinking of the Edmonton Bulletin which seems to support the Liberal cause but advocates election of a Progressive Conservative. We must face this question fairly and squarely. We should realize that this is Alberta's opportunity to elect government candidates and secure full representation of this province in the cabinet at Ottawa.

By sending more Liberal members to Ottawa Alberta will accomplish this greater representation and help ensure that the Liberal party does win an over-all majority and make for stable government.

Alberta is a province of progressive-minded people. We believe there will be a little support for the reactionary Conservative party which calls itself progressive.

For those who believe in social reform there is the record of the Liberal party in increased Old Age Pensions, Family Allowance, Unemployment Insurance, Crop Assistance programs and all the other social reforms that only the Liberals have inaugurated.

For those who believe in Monetary Reform there is the fine record of government financing during the war and post-war years. The Liberal party has brought unprecedented prosperity to Canada.

The government is entitled to re-election with a clear majority. That clear majority can be made possible by Alberta voters.

MEDICO MAY ACCOMPANY CITY AMBULANCE CALLS

Edmonton's city fathers are considering a plan to have a medically-qualified interne accompany the city ambulance on emergency and accident calls.

At present, the ambulance is staffed by firemen, who are qualified in first aid.

Need for internes in ambulances was shown last week when an ambulance driver safely delivered a baby while driving an expectant mother to a city hospital.

PREMIER ASKS INVESTMENT IN ALBERTA'S INDUSTRY

Speaking to the Investment Dealers Association in Montreal, Alberta's Premier E. C. Manning asked for more capital to exploit Alberta's resources.

Pointing out the value of the province's oil production, the premier said it was worth $150,000 to $180,000 daily.

Although $60,000,000 a year is now being spent on exploration and development it will take much larger amounts to extend the present limited market for gas and oil, the premier said.

FEW NURSES LEAVE ALBERTA FOR THE UNITED STATES

Concern over the number of trained nurses emigrating to the U.S. may not be applicable to Alberta, according to a recent survey.

No nurses have left Edmonton city staffs to go to the U.S. over the past year. Only two registered nurses have gone, and only one or two students have said they will go.

Many of the 779 nurses who left Canada last year are only attending U.S. hospitals for post-graduate work and will return to Canada in the near future, according to National Employment Service officials.

29,000 TREES PLANTED IN CENTRAL ALBERTA

More greenery will soon decorate central Alberta landscapes, according to provincial government officials.

More than 29,000 new trees have been planted in central Alberta areas under a provincial tree-planting program.

Planting has been speeded up by use of mechanized planting equipment used this spring for the first time in Alberta.

Albertan Killed

PORTAGE LA PRAIRIE, Man. —A man, tentatively identified by RCMP here as S. H. Lingfesty, about 60, of Craigmyle, Alta, was instantly killed Monday when struck by a car on No. 1 highway a half mile east of here.

Canadian primary woollen workers are paid almost 70 per cent more in wages than British woollen workers.

Automobile and driver's licenses netted provincial governments $32 million in Canada in 1945.

Community Worker Running For Camrose

Frank B. Ince, Central Alberta resident for 48 years, is Liberal candidate for Camrose constituency.

Community worker, school trustee and hospital board member, Mr. Ince has taken an active interest in local and Alberta affairs.

He came north from Nebraska in 1901, was raised and educated in Central Alberta.

A farmer for 30 years in the Red Willow district, Mr. Ince has been a school trustee, a member of the Stettler hospital board, and at various times a member of municipal council.

Married, Mr. Ince has one son and two daughters.

NORTH WEST GROWING MASH

When chicks are six weeks old, you can safely change from Starter to Growing Mash.

North West Growing Mash is a complete BALANCED RATION for growing birds.

In addition to North West Growing Mash, nothing else but whole grain, grit and water is required. Keep the birds out on succulent green pasture. It helps to make strong pullets, capable of continuous high production

North West Growing Supplement

Where you have your own grains, and good ways of mixing and grinding, you may want to buy North West Growing Supplement and mix your own Growing Mash.

North West Supplement, added to your own ground grains, makes good Growing Mash. The Supplement has all the ingredients needed to complete a balanced ration when added according to directions on the bag.

TURKEY RAISERS can also get North West Turkey Growing Mash and Growing Supplement

BUILDERS ASK TOWN-PLANNING IN EDMONTON

Need for a town-planning department in Edmonton's civic administration was stressed by the Edmonton House Builders' Association last week.

Nearly 50 members of the Builders' Association voted in favor of a town-planning department following a resolution made by quiet-speaking George Prudham, president of the National House Builders' Association. (Spotlight, June 4).

With Edmonton construction hitting an all-time high this year, town-planning was badly needed to avoid a hodge-podge of factories, dwelling, garbage dumps and parks throughout the city.

Max Dewar, city architect, told the House Builders' Association: "If we had anticipated the growth of the city at the beginning of the last war, we could have done wonders." He added that it was not too late for town-planning in Edmonton.

But even if town-planning was started right away, the city was still 10 years behind in planning and was trying to catch up in the face of rapid expansion.

First basis for establishing a successful town-planing authority in the city according to Mr. Dewar, was to educate public opinion.

"The average person wants to be shown rather than be told," he said.

New Menace Seen In Post-war Flood Of Japanese Goods

The menace of cheap Japanese goods, which drove Canadian manufacturers out of home markets in the 30's, loomed up again during sessions of the Canadian Manufacturers' Association conference at St.-Andrews-by-the-Sea, N.B.

A U.S. proposal to extend most-favored nation treatment to post-war Japan was described as a threat to Canadian and Commonwealth manufacturers.

The Canadian Manufacturers' Association had quickly written the government, recalling the situation in pre-war years when Canadian manufacturers were jeopardized by wholesale importation into Canada of cheap Japanese goods produced in sweat-shop factories.

To protect home industries, the federal government had set arbitrary currency and duty rates to bring the prices of Japanese goods up to a par with Canadian commodities.

But, stated CMA's traffic manager, R. N. McCormick, "this method of protecting Canadian industry would no longer be available to Canada if Japan were granted most-favored-national status."

"The U.S. delegation must know by this time that the United Kingdom and the Commonwealth countries are opposed to the proposal and some delegates are of the opinion that the item will not come up for discussion," said Mr. McCormick.

Big-Scale Mining Dispenses With North Prospectors

Big-scale mining operations in Canada's northland are easing out the rugged individualists who broke trail in the new country.

Reports from mining areas in the north indicate that the prospectors, once the backbone of the north mining industry, may no longer be able to make a living in the country. Earlier this spring, reports showed that fur trappers are also turning to other jobs as fur markets fall off. (See Spotlight May 21).

The main reason for the drop in demand for prospectors appears to be the decline in promotion-backed prospecting. Financiers of mining enterprises are no longer willing to spend large amounts of money on exploration or on projects where big returns are not likely.

OPPORTUNITIES

Backers of mining projects are not willing to send men out to stake properties until they see opportunities of disposing of such properties to their own advantage.

Another reason for the drop in exploration activities has been the declining market in base metals. The sudden recent sag in base metal prices caused metal mines in the U.S. to close down (example: copper mines closed when copper dropped to 18 cents). No big shutdowns are seen for Canada but production of base metals will decline as prices fall.

Unemployed prospectors will probably join the stream of other mines workers that are moving into metal areas (e.g.) Great Slave Lake) with companies already established there.

SPECULATION

In addition to the drop in base metals markets, the increase in speculation has also injured the employment of prospectors. According to authorities, most promoters are not interested in whether or not claims would be productive.

"Promoters are mainly interested in selling shares," one official said. "And they're having trouble doing that right now."

But two hopeful signs for the future are evident. The first is Prime Minister St. Laurent announcement last week that base metals mines would be given drastic tax reductions to encourage exploration and formation of new companies.

The second, was the prospective development and recovery of gold-mining in northern Saskatchewan.

One Montreal restaurant keeps a small pig which runs around the room feeding off scraps offered by the guests.

IMMIGRATION OPENS MANY NEW PROBLEMS

In 1948 Alberta stood fourth among the provinces as an importer of one of Canada's most badly needed resources: people. Of the 125,603 immigrants who came to Canada last year, Alberta took 10,519. Ontario, Quebec and B.C. had higher totals.

With the influx of new Canadians a new set of problems has appeared.

Typical of steps being taken to aid immigrants adapt to the Canadian way of life was the recent Canadian Citizenship Council meeting held in Ottawa.

ADJUSTMENT

The Council discussed and formulated plans to help immigrants become adjusted to methods of living in this country. Although Canadian clubs and community groups have played an important role in helping newcomers adapt themselves, there was still much to be done to aid the immigrants, the conference revealed.

In Alberta, a survey to find employment and settlement opportunities for British immigrants is being made by Gordon Morris, provincial immigration inspector.

Local committees will aid in the survey which will cover various rural localities.

RURAL AREAS

Emphasis on rural areas has been made because of housing shortages in Alberta's cities. Example: of 600 immigrants who have come to the province in 1949, nearly 90 per cent have been placed at country points.

Although most British immigrants are living at country points, most of them are not engaged in farming. Most have started in trades in the smaller towns and villages.

With an estimated 7,000 British immigrants, alone, expected for Alberta this year, provincial, community and city groups will be busy making the newcomers feel at home.

Mrs. Stromquest One Of Real Old-Timers

CHERHILL. — Mrs. Stromquest has been a resident of Cherhill for nye on 30 years now. One of the real old-timers in the community.

Maud came to Cherhill from London, Eng., on a visit. While here, she met her future husband, Walter Stromquest, and never did get back to England. She married Walter in 1919 and settled down in our community.

Walter Stromquest was a young pioneer of Cherhill. He did a lot to build it up to what it is today. In the past he was sheriff's bailiff, th game warden, and the originator of the Chamber of Commerce in Cherhill, as well as the postmaster. He was killed in a hunting accident in 1933, leaving Maud with two children, Bernard and Mona.

Mrs. Stromquest than took over the duties of her husband as postmaster for Cherhill. Her son, Bernard, is now attending the University of Manitoba, studying Interior Decoration. He has just one year to go before graduation. He was in the Air Force for five years during the war, serving with the "Moose Squadron."

Mona, her daughter, is now 22 years of age, and does a great job of helping her mother run the post office. Earlier in years, she was hampered by a leg injury incurred at birth. But with the sheer will to get better, she has done just that, and can now walk as well as you or I.

Do you know? The Stromquests has the first: cafe, the first pool hall, one of the first cars of Cherhill? The car, Maud says with a chuckle, "Could practically go bird nesting with it — would climb almost anything."

Says she can still do a mean polka . . . "which all goes to prove that life just begins at 50!"

THORHILD NEWS

THORHILD.—Henry Kozak had the misfortune to lose his truck by fire recently. Cause of the accident we understand was a blow-out which suddenly swerved the truck into the ditch. The truck is a total loss as was the freight which included some fuel oil. However a new machine was secured and business is back as usual.

A big picnic was held on the Community grounds on Sunday sponsored by the Co-op Association of Thorhild, Waugh, Abee, Waskatenau, Smoky Lake. Baseball and other games as well as children's races held the attention of the crowd and with the weather ideal for picnics everyone seemed to have had an enjoyable time.

Nearly 1500 people attended the dedication service of the Greek Catholic Church five miles southwest of Thorhild on Sunday. The dedication service was performed by the Bishop assisted by the clergy. The church which is a beautiful structure is a tribute to the untiring efforts of the many Greek Catholic residents of the district who have spent much time and money in their worthy object.

The Clearbrook Sports Club held a big picnic at their sports ground on Sunday afternoon with a good crowd watching the baseball and other events which went to make up an interesting afternoon's sports. Refreshments were served on the grounds.

The Community hall was filled with a crowd of well wishing friends last Friday on the occasion of the Wager-Kochan wedding dance. With a good orchestra and everyone in the mood for dancing all had an enjoyable time.

Week-end visitors included Mary Haryluk and friend, visiting Pete and Florence Shewchuk; Olive Sawka, visiting her father and mother; Aunie Hurskainen, staying with her brothers and sisters; and Gwen Holgate, up from Calgary with a friend, staying over the week-end with her father and mother; Mr. and Mrs. Percy Holgate; Mr. and Mrs. Samycia also had their two daughters Olga and Lucy over the week-end.

Mr. and Mrs. Weitz of the Mercantile Store and Mr. Warren of the Bank of Nova Scotia spent Sunday fishing at Baptiste Lake. We understand the fish just weren't in the mood.

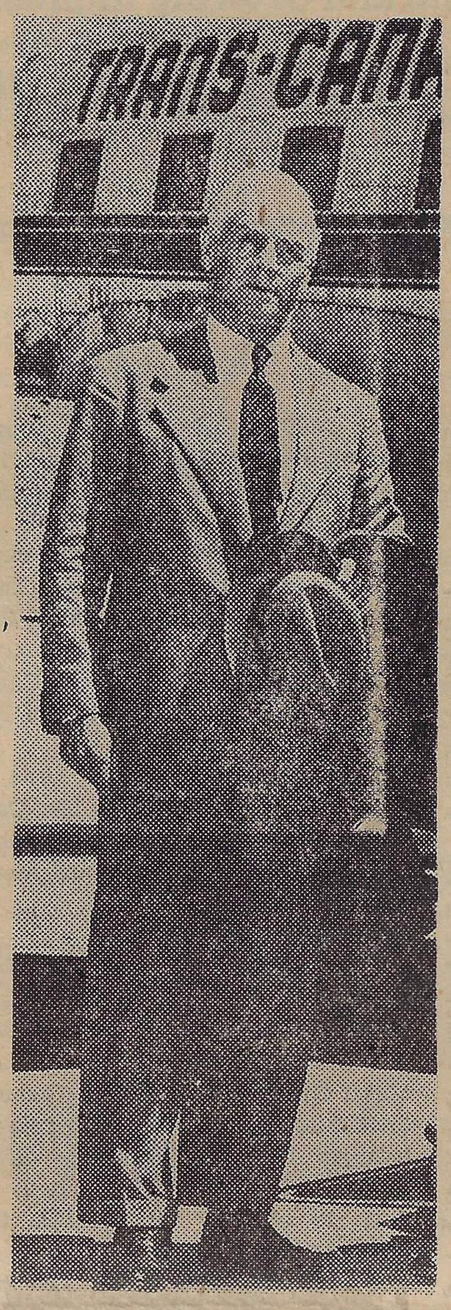

ONOWAY NEWS

ONOWAY. — Onoway Juniors defeated Sangudo 4-2 in a very close and hard fought game in Onaway. The one and only homerun in the game was scored by Clarence Truckey, centre fielder for Onoway. "Spud" Sides was on the mound while Lane Kellogg was the opposing hurler.

GLENEVIS NEWS

GLENEVIS. — June 11 was the day that Miss Mary Kryivecki of Gunn and Mr. Jack Zaychuck from Kipp, Alta., exchanged marriage vows. There were married at 10:30 in the Ukrainian Orthodox Church at 96 Street and will reside in Lethbridge where the groom has a business.

IT PAYS TO ADVERTISE!

JOHN BRACKEN

DISCUSSES THE

Progressive Conservative Policy

—ON—

GRAIN MARKETING

John Bracken Speaks:

There are six important facts that must be taken into account in determining what is the best marketing policy. They are as follows:

The first point to keep in mind is that the first Wheat Board had as it's primary function the marketing of Canadian grain, in the best interest of the farmer.

The FIRST Wheat Board Act was passed in 1935. The first Wheat Board under the Act was in every respect a Board functioning in the best interest of the farmer. *It was not an agency of the Government,* or subject to Government dictation as to prices.

The SECOND important point to remember is that in 1947, by an Act of Parliament the present Liberal Government amended the Wheat Board Act and *made the Wheat Board an Agency of the Government,* not an agency of the Producer.

The Government thus made the Wheat Board an agency, functioning not in the primary interest of the Producers, but rather one which had to carry out the Government's policy, even to selling the farmers' grain for less than the Wheat Board could have sold it.

The present Liberal Government thus provided that the Wheat Board was to become the agent of the Government, instead of continuing as it had been — the agent of the grain producers.

The actual amendments incorporated into the provisions of the Wheat Board Act, in order to make this change, read as folows: (I quote from the Statutory Amendment) —

"4 (2) The Board is for all purposes an agent of His Majesty in the right of Canada and it's powers under this Act may be exercised by it only as an agency of His Majesty in the said right;

(3) The Board . . . . shall possess the following powers:

(j) To act as agents for or on behalf of any Minister or agent of His Majesty in right of Canada, in respect of any operations that it may be directed to carry out by the Governor in Council."

The effect of these provisions in practice was that the Wheat Board was changed from being an agency of the Wheat Producers, charged with the responsibility for getting the best possible prices, to *an agency of the Government which could use it, and did use it, and may still use it, to sell the farmers' grain at less than the market price.* In other words, the Liberal Government, in 1947, usurped the original power of the Wheat Board, which was to market the farmers' products in the farmers' interests, and it took power to make the Board carry out certain Government policies, which were not in the best interests of the farmers.

The THIRD fact to keep in mind is that the Government then proceeded to exercise it's new powers and to use the Wheat Board, *not in the interest of the primary producer, but in the interest of the Government itself.* The Government having interfered with the Board's policies in 1946, forced the Board to deliver 600,000,000 bushels of the farmers' wheat to the British Government, over a four-year period, at an average of some 67c a bushel less than the Wheat Board got for the balance of the farmers' crops all those years. In other words, the Government, by this interference with the Wheat Board, *lost to the farmers of Western Canada* $400,000,000.00 *in that one big gamble with the farmers' grain.*

In addition to this, the Government also forced the Wheat Board to sell scores of millions of bushels of wheat to millers for consumption in Canada at prices far below the prevailing prices. This meant further huge losses to Western Farmers.

The FOURTH point to remember is that in 1948 the Government passed an Act to force every farmer who grows oats and barley to sell these products through the Wheat Board only. In other words, it denied to every farmer the right to sell oats and barley in any other way. This Act was to be proclaimed after the three Western Provinces passed complementary legislation. This has now been done and after August 1st the growers of oats and barley in Western Canada *will be forced to sell their oats and barley through the Wheat Board only.*

The FIFTH point to keep in mind is that in 1948 the organized farmers of Western Canada, speaking through the Canadian Federation of Agriculture at it's annual convention, urged that the Wheat Board be restored to it's original function — that of operating primarily in the interests of grain producers. This request was expressed in a resolution, which reads as follows:

"That such legislation (re oats and barley) be based upon the principles that the Wheat Board shall be an agency, operating primarily for the benefit and in the interests of grain producers."

The SIXTH fact to remember is that the above request of the organized producers was refused by the Government. *The Board therefore still remains an agency of the Government and the Government insists that it remain so.* The effect of this is two-fold: 1st, the Government has left it's amending legislation on the Statute Books; and 2nd, in answer to a question in the House of Commons as to whether the Government intended to use the Board primarily in the interests of the producers, the Minister of Trade and Commerce, Mr. Howe, answered in the negative. His words are to be found in Hansard, page 1421, under date of March 14th, 1949, as follows:

"It is obvious that the Government of Canada cannot give any undertaking that it will become responsible for the marketing of coarse grains, solely in the interests of the producer, and without regard to the interests of the consumer of these products."

In these two facts is found the official evidence of the Government's refusal to comply with the request of the organized farmers to have the Wheat Board restored to it's original function as a producers' agency.

GRAIN MARKETING — POLICY FOR THE FUTURE

What, under all these circumstances, should be the marketing policies of the farmers of Western Canada for the days ahead? What, under all these circumstances, are the policies in which I believe ? What, under all these circumstances are the stated policies of the Party of which I am a member ? They may be stated very briefly, and they ought to be understood by every grower of grain in Western Canada.

Our **FIRST** policy is to continue the Canadian Wheat Board as a permanent institution for the marketing of the farmers' grain crops.

Under no circumstances would the Board be disbanded by us. *Our* Party brought in this policy in the first place. *Our* Party has always favored it's continuance, and it believes in it more today than ever before.

Our **SECOND** policy is to continue the fight to force the Government to make the Wheat Board an agency which operates in the interest of the farmers, rather than a Government Agency, which has sold, and may again sell, the farmers' grain at less than the Wheat Board can sell it for.

Government interference with the Wheat Board is the greatest danger the farmer has to face. Complete emancipation of the Board from Government dictatorship is essential to it's success in the future.

Our **THIRD** policy in grain marketing is to leave entirely to the producers themselves the right to determine in what manner their grain shall be marketed. If the organized farmers, as a group, desire by a satisfactory majority, that coarse grains be continued under the Wheat Board, their wishes are to be respected and acceded to. If, after some experience with this plan, they desire to change it, they would have the right to do so.

Likewise, if the farmers desire to eliminate the futures market, it will be within their power to do so. In other words, the growers of grain in Western Canada may rest assured that the Progressive Conservative Party will not force upon them any type of marketing that the farmers themselves do not want or do not approve.

We believe in leaving to those who produce the nation's food the right to determine every aspect of the manner in which it shall be marketed.

These three principles are basic in our policy on grain marketing. These three principles I personally support. These three principles the Party of which I am a member supports. These three principles the organized farmers of Western Canada have requested. I know of no better long-term policy for the producers of grain in Western Canada.

In closing these remarks, let me give to every farmer my personal assurance that, these principles, which all grain growers will recognize as being in their interests, will continue to be our guide. They mark the most forward step ever taken in the emancipation of the farmer from outside interference in the marketing of his products.

These three policies leave the farmers, as a group, free from the domination of both Government and politicians who have sold, and may sell again, the farmers' grain at less than it is worth. These three policies remove the farmers from any undue domination by the Grain Trade, which many farmers feel has had too great a say as to how their grain should be marketed. These policies: Marketing without interference by Governments and Politicians, and without domination by the Grain Trade, should mark a long step forward in the farmers' marketing program.

The policies I have outlined, I do not need to point out, are in complete agreement with the principles discussed and approved at our National Convention of last October.

I trust these three policies will meet with the widespread support they deserve from all grain growers, wherever they may live in Western Canada.

Sincerely,

JOHN BRACKEN.

PUBLISHED BY THE PROGRESSIVE CONSERVATIVE PARTY OF ALBERTA, 328A EIGHTH AVENUE WEST, CALGARY, ALBERTA

The Plamondon Page

PLAMONDON NEWS

PLAMONDON.—Mr. and Mrs. Oral Dube have purchased the R. E. Piquette farm (Bayview) on Plamondon Bay, and will seen be moving to their new home.

Mr. Adolph Bosse has purchased the Oral Dube property in Plamondon.

Mrs. Ray Varin spent a few days here with her son and family.

Mr. I. Belanger of Sutton Bay, Mich., is visiting relatives here.

Mr. Harold Belanger is sporting a nice new G.M.C. truck.

Mr. Reni Legal of Atmore has purchased a new "MC" Crawler type tractor.

The baseball scores for the week as close as we can get are as follows:

The Juniors of Plamondon played against Boyle Friday afternoon in Plamnodon and the scores were 11-4 favor of Plamondon.

Sunday's game in Plamondon—Plamondon vs. Amesbury, scores 26-2 favor of Plamondon.

And last but not least, your reporter had the misfortune to trip and fall last week-end. Result, a few days spent in hospital and arriving home with one of those unbearable plaster casts on the left leg. So you will see if you want to read the Plamondon news for the next few weeks you will have to bring your news items to your reporter as she is not able to go out and gather it.

And don't forget to help and to support the Parish annual sports day here in Plamondon on June 26.

Weddings

BOURASSA—RICHARD

A wedding of interest in the district was held in St. Isador's Parish church on June 6, when Elizabeth Mae, second eldest daughter of Mrs. Albert Richard and the late Eimel Richard, became the bride of Adrien Bourassa, youngest son of Mr. Noe Bourassa and the late Mrs. Bourassa, all of Plamonton.

Rev. Fr. Loranger officiated and Mrs. Octive Chevigney was organist.

The bride entered the church on the arm of her step-father, wearing a floor length gown of white satin with a sweetheart neckline trimmed with pearls and rhinestones. Her floor length veil was held in place by a wreath of orange blossoms. She carried a bouquet of white orchids and carnations. Her bridesmaid was Theresa Richard, sister of the bride, wearing a gown of pink marquisette and a chapel veil, carrying a bouquet of American Beauty roses.

Reni Bourassa, brother of the groom was best man. A reception was held at the bride's parent's home to about 80 guests. A dance was held in the Plamondon Community hall in the evening.

The newlyweds will make their home in Plamondon district.

Out of town visitors for the wedding were Mr. and Mrs. Louis Bourassa of Beverly, Mr. and Mrs. Raymond Bourassa of Beverly, Mr. and Mrs. Paul Cloutier of Mearns, Mr. and Mrs. LeRose of Beverly, Mr. and Mrs. Miers of Fairbanks. Alaska, Mr. and Mrs. Wilfred Rabidow, Winnipeg, Mr. and Mrs. Leo Phenauf of Winnipeg, all cousins of the groom.

BOSSE—LEBLANCE

A very interesting wedding was solemnized at St. Theresa's Parish church, Breynat, Alta., recently when Rollan, daughter of Mr. and Mrs. H. LeBlance of Drumheller, became the bride of Alfred, second son of Mr. and Mrs. Joe Bosse of Plamondon. Rev. Fr. Menard of Lac la Biche Mission officiated at the mass. The bride was very becomingly gowned in the traditional floor length wedding dress of white, and full length veil. Elizabeth, sister of the groom was the bridesmaid, wearing floor length gown, and Mr. Fred Fenatti of Venice was the best man.

A reception was given at the new home of the bride and groom in Breynat, and a supper was served at the home of Mr. and Mrs. Joe Bosse in Plamondon. About 33 guests attended the wedding. Several out of town visitors and relatives of the bride, also visited for the wedding.

The newlyweds will make their home in Breynat.

New Legal Church Burned to Ground

LEGAL. — Fire early Friday destroyed the Roman Catholic Church here, causing loss of $135,000. Legal is about 40 miles north of Edmonton.

Friday's blaze laid in ruins more than a year's efforts by the congregation since their church went up in flames nearly two years ago.

The second church building, destroyed Friday, also contained a community hall, in which the town's major functions were conducted, and included a kitchen and rectory rooms.

Approximately a year ago the residents of Legal purchased the structure at Penhold. It was formerly a hangar at the air training centre at Penhold and was moved in sections from the south to Legal.

Residents of Legal and the congregation there had hauled, mostly by voluntary labor, the hangar structure to Legal in sections. It meant a haul of more than 100 miles.

Approximately six months were spent in rebuilding the structure which was to serve as both a church and a large recreation centre. Front of the former hangar had been revamped and prepared for a complete stucco job.

The church and hall was opened officially last Christmas.

Friday's blaze is reported to have broken out at about 2:00 a.m. and raged for more than two hours. Every available firefighter was called out but nothing could be done and the town's residents watched their hopes and efforts of more than a year go up in flames.

The church and recreation centre was one of the finest in central and northern Alberta.

The publisher of the Legal Record, T. W. Pue, wrote a descriptive article in the paper last winter in which he outlined the Legal church building and recreation centre as a model for other communities to follow.

St. Albert Man Presides At Meet

A large number of St. Albert folks journeyed to Ponoka last week to the Red Poll Cattle Breeders' Club meeting at the farm of Mrs. A. Paulson.

For the field day, Thomas Howes of Millet, a breeder and national director, officiated at a Red Poll judging competition. Dr. E. E. Ballantyne, director of provincial veterinary services, gave a talk on animal diseases, including Bangs disease of cattle. Representatives from the University of Alberta and the Edmonton Exhibition board attended.

H. Sumner of St. Albert, club president, presided at the annual meeting when reports were received from H. Grenier of Onoway, secretary, and L. J. Anthiersen of St. Albert, vice-president.

HOW GOOD— is YOUR P.O.I.Q.?

(Political Opinion Intelligence Quotient)

Give Yourself This Test . . . and You'll Know!

CHECK THESE QUESTIONS, "Yes" or "No"

		Yes	No
(1)	Do you think the government did the right thing when it started Family Allowances in 1945?	___	___
(2)	Do you think our savings banks should be kept free from political control?	___	___
(3)	Do you think that Western prosperity will suffer if George Drew wins the election on June 27?	___	___
(4)	Do you favor giving our veterans the best our government can provide?	___	___
(5)	Do you think the progressive people should unite under one national banner instead of being split into small groups and sections?	___	___
(6)	Do you think the government is right in making health grants to the provinces under the National Health Plan?	___	___
(7)	Do you believe the only chance to beat George Drew (and his friend Duplessis) is to keep and strengthen our present government?	___	___
(8)	Do you believe that the Marshall Plan and the Atlantic Pact will help to preserve peace?	___	___
(9)	Do you think it was a good idea to begin Old Age Pensions in 1927 and was the government wise in increasing the amount to $40 per month this year?	___	___
(10)	Do you think that the children of your constituency have a better chance in life because their parents received nearly five million dollars under Family Allowances?	___	___
(11)	Do you believe Western Canada should send a solid front of members to see that the West gets a fair deal from Ontario and Quebec, and do you think every seat counts?	___	___
(12)	Do you think that we have had a good government since 1945?	___	___
(13)	Are you pleased that our veterans received assistance worth $1,360,000 between 1942 and 1949?	___	___
(14)	Do you think your representative can do more for you if he is in the government, rather than in the opposition?	___	___
(15)	Are you of the opinion that working people are more secure because Unemployment Insurance was started in 1940?	___	___
(16)	Do you think it is a good thing that 276,000 houses have been built in Canada since 1945 and that nearly 100,000 more will be finished this year?	___	___
(17)	Do you think it would be unfortunate if the Liberals did not get a clear majority?	___	___
(18)	Do you think it is a good idea for the people of Alberta to be represented in the House of Commons by citizens who support the Liberal government at Ottawa?	___	___
(19)	Do you approve of the Wheat Board marketing Western farmers' grain, thus removing it from the hands of speculators, and giving the farmer a firm price?	___	___
(20)	Do you think it is a good idea for YOU to vote for a man who will represent you in the government, rather than one who will do nothing to further the progressive work of the Liberal Government?	___	___

2 Dead, 6 Injured in Car Accident on Friday

Two persons are dead and six injured, one seriously, and in hospital in Edmonton, as the result of a head-on car collision on the Morinville highway at 10:30 p.m., Friday. The accident was one of the worst in the northern section of the province, and none in the two cars involved escaped injury.

DEAD

Mrs. Sadie Galbreath of Colinton.

Vincent Delancey, 18, of Colinton.

INJURED

Altie Galbreath, 53, Colinton, skull fracture and fracture to both legs.

Lute Galbreath, 26, Colinton, facial and leg lacerations and bruises.

L. Y. Satterlee, 43, Colinton, small forehead cut and bruises.

Bill Trawny, 35, of 10348 93 st., lacerations to face and head.

Peter Palmer, 58, of 11522 77 st., broken right leg, facial cuts.

Dorothy Cawthorpe, North Battleford, fracture to right leg and cut below the knee.

R.C.M.P. at Edmonton said five persons were in a sedan car en route to Colinton when the sedan was in collision with a coupe which was being driven toward the city.

The Colinton-bound car was operated by Lute Galbreath. He was carrying as passengers, his father and mother, Mr. and Mrs. Altie Galbreath, Vincent Delancey, the son of a neighbor, and L. Y. Satterlee, also of Colinton.

In the other car, believed to have been operated by Bill Trawny, of Edmonton, were Peter Palmer and Miss Dorothy Cawthorpe.

Mrs. Galbreath was killed instantly, according to police. The Delancey boy died before he could be taken to hospital.

Two ambulances from Edmonton, those of Jack Hays and Smith's, were called to the scene and, with the aid of passing motorists, were able to bring all injured to the Royal Alexandra hospital in Edmonton.

Jack Hays ambulance brought in Mr. Galbreath, Sr., and Miss Cawthorpe.

Dr. J. L. Perreault, Morinville, was one of the first persons to reach the scene after the crash. He aided the injured and assisted in loading them into the ambulances and private cars.

One person who was at the crash, said the Delancey boy appeared to have suffered internal injuries and severe cuts. Most of the injured suffered severe cuts from the shattered windshield glass.

Both cars were badly damaged. The scene of the crash was four miles south of St. Albert on the Morinville-Edmonton highway which was hard-surfaced in the past year.

Alberta Clover Crops Face Weevil Danger

Alberta's sweet clover crops, particularly in the southern part of the province, are suffering damage in attacks by the sweet clover weevil.

Central and Northern Alberta farmers noting weevil attacks on their sweet clover crops were urged today to report damage immediately to their nearest district agriculturist or to the Field Crops Branch of the Alberta department of agriculture.

Considerable damage has been caused to young sweet clover crops in the Stavely and Claresholm districts of southern Alberta, W. Lobay, supervisor of crop protection for the department stated.

Various insecticides are being used in an effort to control the damage by field spraying, Mr. Lobay said.

The weevil feeds on young tender leaves of the plant by biting the outside of the leaf and finally devouring all leaves, leaving only the barren stem.

Stock Market Droop Shows Peak is Past

First rift in the booming post-war economy appeared last week when stock market prices slid down to an all-time low in two years.

The fall in stock came almost simultaneously with an announcement from experts at United Nations headquarters at Lake Success, that many countries have reached turning-points in the post-war economy.

According to the U.N. observers, signs of recessions have appeared in sharp breaks in the prices of certain goods, and in the increase in unemployment in some countries beyond seasonal lay-offs.

Tuesday's stock market fall was further evidence that the post-war ..boom-times ..could.... not continue indefinitely and that a levelling-off in prices and employment was bound to ....occur sooner or later.

After a routine start in New York trading Tuesday, selling pressure on leading stocks suddenly developed and prices skidded to a new 1949 low point. In Toronto stocks hit the lowest point in 15 months.

Stability returned to Wall street Wednesday and Thursday when bargain-hunting traders began buying up some stocks.

METALS DROP

But at the end of the week selling pressure again pushed stocks lower. Toronto base metals took another plunge and International Nickel sold at a new low.

In Montreal a market described as "bearish" continued to drop, and further losses were recorded in the face of dull trading.

Although no Homburg-hatted brokers had yet taken the plunge out of high windows, as had been the custom in the 1929-39 depression, people were beginning to wonder when the current sliding would stop, and what reasons lay behind the drop.

NO RESISTANCE

A short-term explanation for Tuesday's fall came from Wall St. sources. The recession had been caused, said they, by: (1) a seventh consecutive contraction in steel production schedules that week; and, (2) lack of customary resistance to selling pressure on the market.

A long-term explanation lay in the policy of "wait-and-see" held by most good issue stocks.

The prices of these good issues have remained at a consistent low since the boom began, but they have been low enough to still be of good value if a recession sets in.

PEAK IS PAST

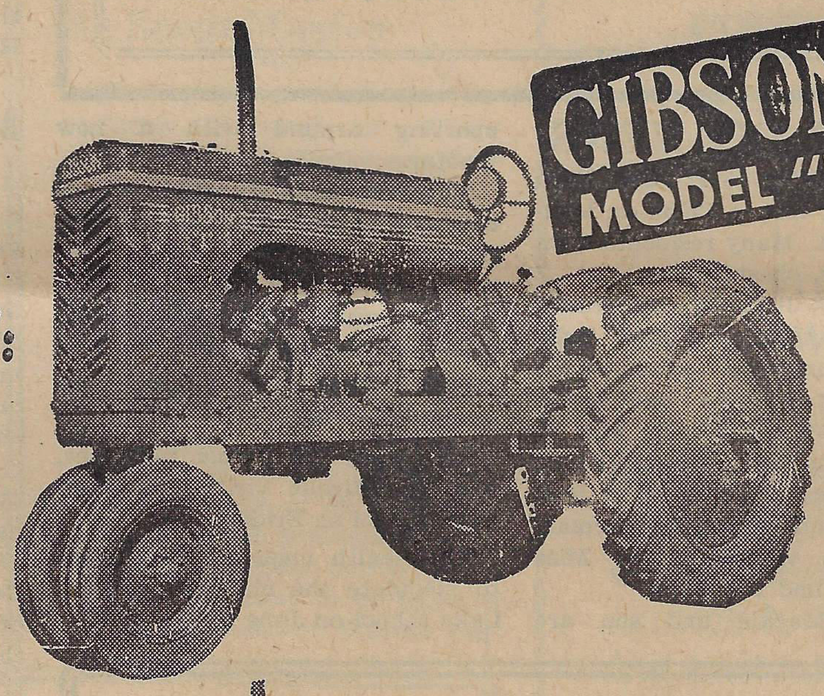

But even the low level was set to accompany boom-times and once they felt the peak of earnings had been past, their prices dropped accordingly in proportion.

Optimists were not afraid of another 1929 or wild speculation such as in the 20's, just yet. Because of the development of regulations and higher requirements, the nation's stock markets have not been the home of speculators and swindlers as they were in the past.

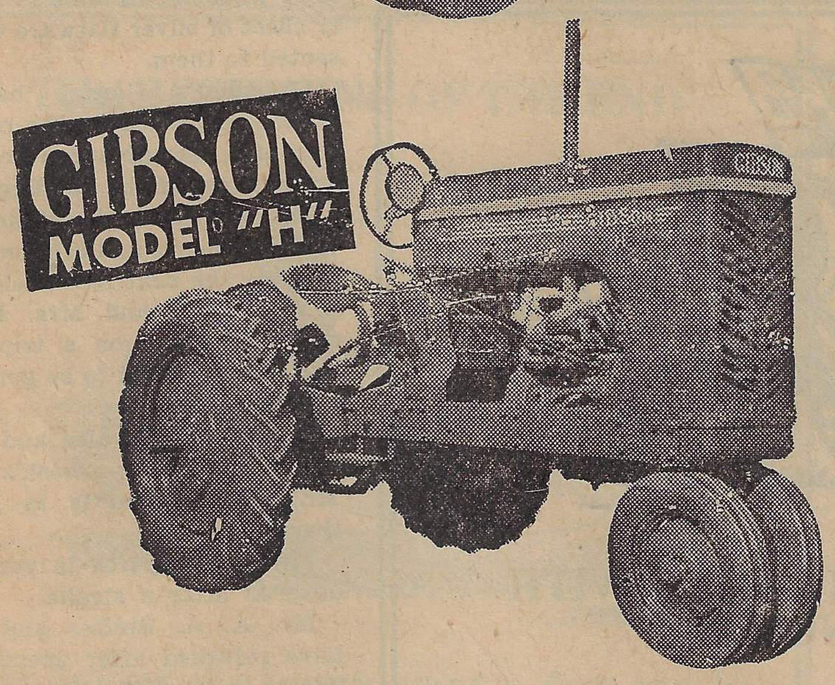

The stock market has a firmer foundation than it ever had before but how much punishment that solid foundation would take in future shakeups was anybody's guess.

A fool will tell you where to get off—a wise man will help you to get back on.

NATURAL GAS
For the Pacific Coast

Will Result in a New Era of Development and Progress For Northern Alberta and B.C.

The route by which Westcoast Transmission Company Limited proposes to transport Natural Gas from Northern Alberta and British Columbia fields to Vancouver and other Pacific Coast areas, is the shortest and most economic route.

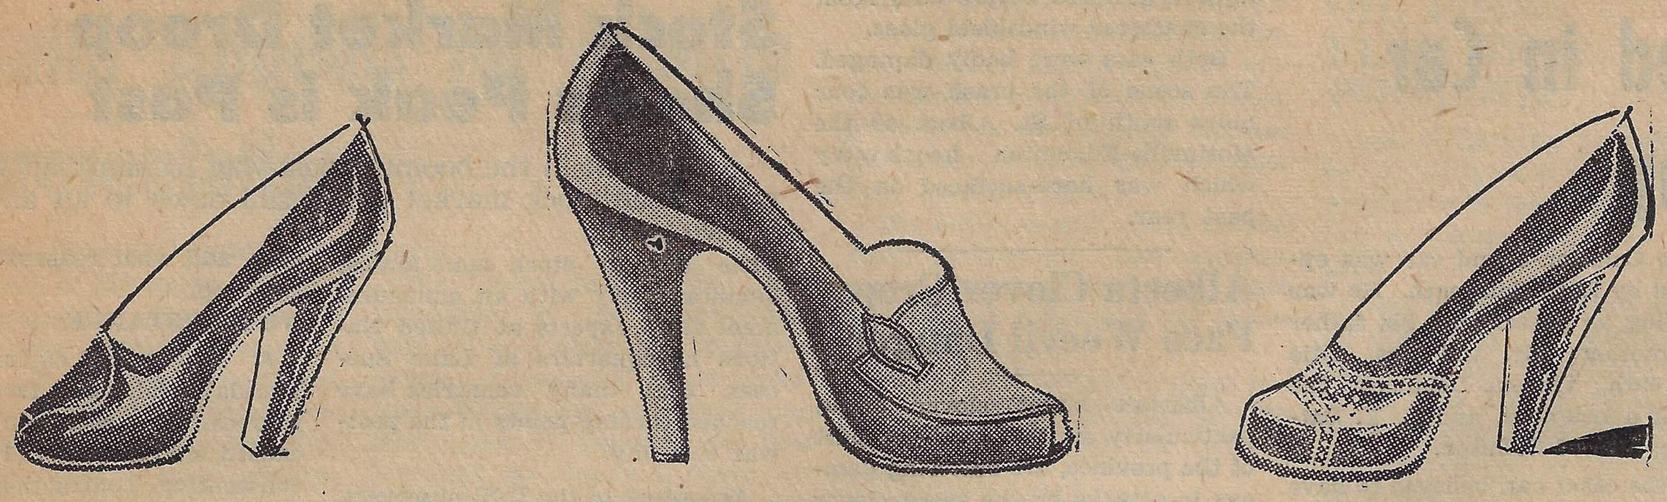

The gathering line system of Westcoast Transmission Company Limited will commence in the vicinity of the Town of Athabasca north of Edmonton. Taking gas from fields in this area and all along the route it will follow the highway westward through or close to the towns of Athabasca, Smith, Slave Lake, Faust, High Prairie, Grande Prairie, Wembley, Beaver Lodge, Hythe in Alberta, and Dawson Creek, British Columbia. Gas will be gathered all through these areas, thus making gas available to all communities along the route. From Dawson Creek, British Columbia, the line will proceed south to Vancouver, serving intervening points and other Pacific Coast cities.

Detailed surveys of the right-of-way are already in progress. Almost a hundred million dollars will be required to complete the project. It will encourage and assist the greatest possible development of Northern Alberta and British Columbia, and at the same time bring the convenience, efficiency and economy of Natural Gas to the greatest number of Canadian communities, industries and homes.

Write for this FREE Booklet Today!

A brochure covering the Westcoast Transmission Company natural gas development and transmission system has been prepared. Copies are availbale on request.

Do Not Forget Lac la Biche Sports July 1

RICH LAKE NEWS

RICH LAKE. — It was Rich Lake day at Lac la Biche on Monday, June 13. Many residents went to get a T.B. chest X-Ray.

On Friday, June 10, a successful dance was held at Rich Lake school. Numerous prizes were given away for the best waltz dancers, the winners being Mrs. R. Kumpula and Mr. Johanes Ritola. Balloon dance winners were Jean Tikkanen and James Sunderman. Spot dance winners were Miss Miss Ubbie and Mr. York.

Mr. E. Mackie and son are sporting around with a new tractor.

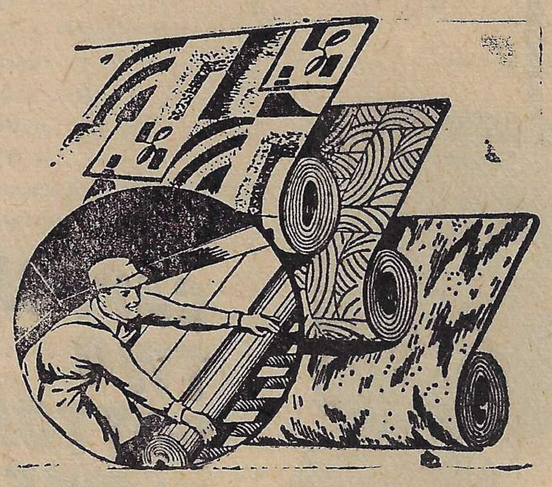

There has been a great boom for new washing machines in this district.

Mr. and Mrs. Eli Oncuil and family were week-end visitors at Mr. and Mrs. Ira Kumpulas.

Miss Hillyard is visiting her cousin, Mrs. Wight.

Mr. Hall, the school inspector, and Mr. Mirolle visited the Rich Lake school on Friday.

The health inspector is coming to inoculate the children at Rich Lake school on June 16.

FRAINS NEWS

FRAINS. — The school children of Frains had a nice picnic on June 12.

Ann Zuh and Peter Holowenko were in a truck accident. Ann was taken to an Edmonton hospital.

Mr. Wm. Nowrot was in Edmonton over the week-end on business.

Walter Nahorney was in Edmonton to see his doctor.

Mr. and Mrs. Wm. Burek were in Grassland to visit their friends.

The school children of Frains all went to Lac la Biche track meet and quite a few came back with prize ribbons on.

Mrs. Dorosh and Miss Mendryk are planning on June 13 for a half-day off for their school children to see the carnival in Grassland.

Mr. and Mrs. Shevely and Mr. and Mrs. Humey of Boyle were visitors at T. Sawchuks on Sunday.

Orvis Kennedy Is "Gideon" Official

LAC LA BICHE. — Orvis Kennady, national organizer for the Social Credit party in Canada and a candidate in the Athabasca riding, has been elected to serve as trustee of the Christian Commercial Men's Association.

Otherwise known as the "Gideons", the organization places Bibles in hotels and institutions and distributes Testaments to school children.

The appointment was made at the Gideon's annual convention in Hamilton, Ont.

MORINVIILE NEWS

MORINVILLE. — After having a cow eat the first sprouts of their gardens, four neighboring housewives of this town got together to milk her. While one tied her, two of them held her tail and the other milked her. About two quarts of milk was the result. They've got a snapshot to prove it, too.

About five minutes later the owner came to claim the cow. He had no complaints.

Relatives of Mr. and Mrs. Robert Tellier gathered at their home to celebrate the silver anniversary of their wedding, on June 12. A lovely chest of silver flatware was presented to them.

Chevalier's Garage has been greatly improved by the construction of a cement apron across the entire front of the building.

Mr. and Mrs. A. Meunier are visiting friends and relations in the east for the next few weeks.

Mrs. Chas, and Mrs. D. Valiquette also are on a trip to the east. They expect to be gone about two months.

Mrs. C. N. Cavalee and Arthur left for Banff for a week's visit to Mr. Cavalee who is in hospital there.

Mr. Ferd Steffes is very ill in hospital after a stroke.

Mr. A. A. Steffes and family have returned after spending the winter in the U.S.

One of Morinville's landmarks, the blacksmith shop which was operated by Mr. A. Krauskopf, has been torn down to make place for a new modern home for the family.

The Imperial Oil camp No. 2 has moved to the new drilling site at Egremont.

Arthur Krauskopf is home from the hospital.

Mrs. H. E. Tellier is in hospital.

Mr. Ferd Steffes is progressing favorably and expects to leave the Westlock hospital this week.

The plays in French by the S. Roland Chevrier troupe from Quebec were greatly enjoyed by a capacity audience.

ST. ALBERT NEWS

ST. ALBERT. — At a recent meeting of the Ladies' of the Altar Society at the home of their president, Mrs. Leo Belhumeur, Mrs. Anna Chenigny was presented with a lovely cup on the occasion of her birthday and also for the gratitude and appreciation of the work she has done in the past 35 years, for the Altar Society.

Miss Yvonne Benion a bride-elect for June 30 was entertained at a shower by the ladies of St. Albert in the Parish hall last Friday evening.

Mr. and Mrs. L. Lorieau and Mrs. A. Desrosiers of Legal were visitors at the home of Mrs. J. P. Lafranchise last Sunday.

Miss Marguerite Bourgeois left last Saturday for Eastern Canada. She will visit friends and relatives in Montreal and eastern States. We wish you a very pleasant holiday.

Mrs. Leo O'Donahue of Montreal was a recent visitor at the home of her son, Mr. Maurice Roberge.

Miss A. L. Ross attended the Holden Stampede last week.

Mr. Norbert L'Hirondelle of Villeneuve celebrated his 83rd birthday last Monday, June 13. Many friends and relatives gathered at his home to spend an enjoyable evening.

Miss Pat and Ella Callihoo spent a night with Lilly M. L'Hirondelle at her farm home in Villeneuve.

Fr. Gaudet Invested As Scout Master

ST. ALBERT. — With the investiture Thursday of Father Gaudet as Scout Master and Constable A. Rosengreu—Bert Sumner had been invested previously— the Scout movement is officially organized in St. Albert under the name of the First St. Albert Troop. The ceremony was performed by M. Holoway one of the officials of the Scouts in Edmonton.

Immediately after his reception the Scout Master received the three first boys of St. Albert in the great Scout Brotherhood. The ceremony is simple but very impressive. The first to be invested was Patrol Leader Wilfrid Pesseault of the Wolf Patrol with his assistant Gordon Ahires, then Rene Morin, Leader of the Eagle Patrol The promise is taken with the left hand on the troop flag, the Scout Badge is pinned to the lapel of the uniform, this is done by the Scout Master, then the assistant Scout Master vests the Scout with the kerchief and the shoulder knots. The ceremony is repeated for each one.

After the investiture M. Holoway gave appropriate advise to the troop, wishing them to be faithful to their promise at all times and welcoming them in the movement. We take this opportunity to thank M. Holoway who has graciously sacrificed his evening to come and preside at the investiture and to encourage us by his timely advice.

We are glad to make public this item regarding our endeavor to organize the Scouts in our midst. Through no self complacency, but to tell all those who have helped in any way that we appreciate what they have done, that their effort and interest were not in vain.

The Group Committee is to be congratulated in having succeeded so well in procuring us the necessary equipment to launch the movement.

The Cubs, under the leadership of M. Roberge assisted by Roberts and James, are also doing fine work and very son, we are sure they too will show their appreciation for your interest.

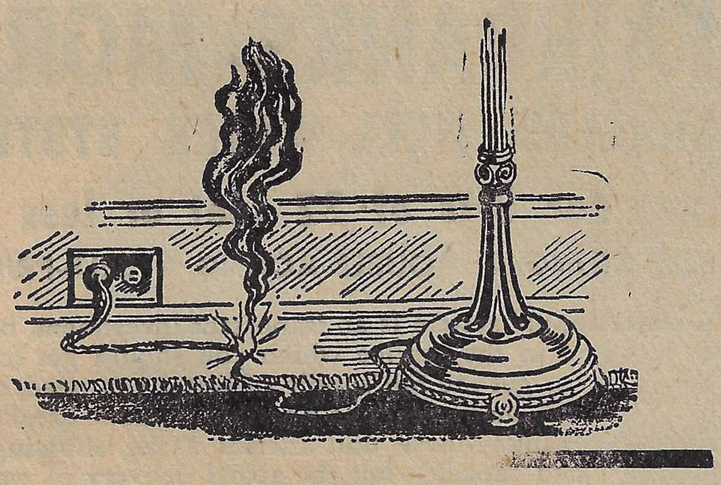

They are now preparing their tests—some of them in fact have already passed a few as the stars on the Cub's Chart show.

ROLLY VIEW

ROLLY VIEW. — Mr. and Mrs. Gus Kneller left by car on a trip to Saskatoon. Mr. Kneller is a delegate to the Synodical convention of the Lutheran Church.

Mrs. R. Klingspoon is a patient in the Misericordia hospital in Edmonton.

THE ISSUE IN ATHABASCA!

1. ARE YOU SATISFIED THAT CONDITIONS ARE BETTER NOW THAN UNDER PREVIOUS TORY GOVERNMENTS?

Have you considered that it now takes a smaller quantity of wheat, or hogs, or cattle to buy your farm machinery than at any time in the history of our district?

2. AFTER 9 YEARS OF LIBERAL REPRESENTATION, WOULD YOU LIKE YOUR RIDING TO ELECT AN OPPOSITION MEMBER?

Only the Liberals or Conservatives can form a government after June 27th. CCF and Social Credit admit they will not do so. WHY WASTE YOUR VOTE AND INFLUENCE?

3. DO YOUR PRESENT MEMBER'S EXPERIENCE AND KNOWLEDGE WARRANT YOUR SUPPORT?

JOS. DECHENE has been in public affairs from the early days of the Province—a Provincial Member from 1921. He has been your Federal Member since **1940.** He is an eloquent speaker, his personality commands respect, he has given excellent service to his Constituency, both on public matters and in helping individuals in their personal problems, and **HE IS A LOCAL MAN.**

This is No Time to Take a Chance!

THE LEADER

LOUIS ST. LAURENT

HIS CANDIDATE

JOS. DECHENE

Senator Appeals for Alberta Representation

JASPER, June 21.—Speaking to an audience of 250 electors of Jasper in Speros hall , Senator James A. McKinnon delivered a splendid address and appealed for support for J. A. Welbourn, Liberal candidate for Jasper-Edson. Mr. Welbourn also gave a short address, with an earnest, sincere promise of cooperation in all matters pertaining to the best interests of the constituency. Mr. Harry Hamilton, president of the Jasper Park Liberal Association was chairman of the meeting. Following are highlights of Senator McKinnon's address.

I cannot stress too strongly how terribly important it is, that this great province be properly and fully represented in the new parliament to be elected.

At no time in the history of Alberta has it been so vitally necessary that this province be represented, and well represented, in the ranks of federal government supporters and in the government itself.

Alberta, with its new and increasing importance, not only has a right to a full share in the shaping of national policy, it has an obligation and a responsibility to exercise that right.

Alberta for nearly thirty years ha sent all too few government supporters to Ottawa. The great majority of our members of parliament from this province since 1921 have been on the side of criticism and opposition.

Criticism, in its place, is a good and necessary thing but it is even better to be on the side of constructive action and progress.

In my opinion it would be nothing less than a calamity if Alberta as a leading province of Canada, should not be directly represented in the next federal cabinet, with strong private membership support.

For upwards of forty-five years I have been rather closely and actively connected with public affairs in this province. Today I can sincerely say that I am more than ever impressed with what Liberal policies have done, are doing and can continue to do for Alberta and for Canada.

If this province is to keep on expanding and prospering, as it should do, right conditions must prevail in Alberta, in Canada, and in the world. Alberta has wonderful natural resources but national and international conditions must remain favorable if these resources are to be properly developed.

If prosperity is to remain and grow, there must be a feeling of confidence in the nation. There must be a sense of international security as well. It is difficult to have that sense of confidence without stability and proper leadership in the nation government and in world affairs.

Above all else, I believe there are three main conditions desired by most Canadians. These are peace, both internationally and within our own country, opportunity for useful work, and thirdly, security.

Canadians want also a government upon which they can depend for continuance of those basic conditions, a government stable in that sense but also progressive in its outlook, forward looking in its policies, and vigorous in its actions.

Now, I ask you, in all conscience what party has in the past, is ready today, and is most likely in the future to fill these requirements

The Liberal party has given leadership in the international field to bring about the maximum degree of peaceful world conditions. It was our own prime minister, Louis St. Laurent, who first broached the idea of a North Atlantic Security Pact. Today this treaty is in active existence, a strong bulwark, if not the strongest of our national safety.

Every Liberal and I think I can say almost everyone I know is agreed that we could not have chosen a more able successor to former Prime Minister Mackenzie King that Louis St. Laurent.

There is in Canada, no finer man, no wiser statesman, no more honest and decent Canadian, than the man who is the leader of our party.

He did not seek power. He accepted the leadership as a public responsibility and public trust.

How about peaceful conditions and national unity within Canada itself? No political party, other than the Liberal party, could have brought this nation—with all its different elements—through the last world-shaking war—and the reconstruction period—with such a measure of real unity and lack of disturbance or internal strife.

The Liberal party is the only Canadian political party which has been able (at least in the last quarter centry) to command substantial support from all the main sections of Canada from coast to coast.

In order to form an effective government with a working majority it is necessary that the administration be truly national. It should not represent only one class of people or only certain special interests.

Liberals are proud of their record of administration and service. But there is as well, as there must always be in election campaigns, a platform of future action and undertakings.

The Liberal party stated in 1945 that Liberal policies would create post-war opportunity for all which they have done. Actually today over five million Canadians are working gainfully.

In Canada the foundation of our prosperity is foreign trade. Canadian exports are up more than 300 per cent over 1939. By 1947 Canada had become the third largest trading nation in the world. Her total 1948 trade was greater in value than that of the United States before the last war.

What about the Liberal party performance in regard to social security measures? We promised in 1945 to issue monthly family allowances to parents for healthier, better clothed, better housed and better educated young Canadians—our finest national assets.

Since the last general election 1,700,000 families have benefitted from these allowances.

What about federal government promises in connection with returned war veterans? I think that those who were in the armed services will concede that nowhere else in the world have there been better legislative measures for veterans than those contained in the Veterans Charter of this country.

What is the record in regard to reduced taxation? The promise in 1945 was that the Liberal government would gradually reduce taxation after the war was won.

Taxation has been steadily reduced since 1945. These reductions, spread over five successive budgets, now total thirteen hundred million dollars a year. At the same time the Liberal administration reduced the net national debt by sixteen hundred and twenty-five million dollars. In addition the federal gasoline tax, amusements tax, and a number of other specific taxes have been abolished.

The entire record of the Liberal party performance and achievement is much greater than I have been able to indicate in the course of these remarks.

There are a number of other important items of our program with which I wish I had the time to deal.

Because of federal Liberal farm policy, the Canadian farmer is definitely in a better financial position today than ever before. It is true that his costs of production have risen but prices for his products have risen also and to a greater relative extent. This is especially true of Alberta farmers.

Actually, the stability in farm prices generally, which had long been the hope and dream of Canadian farmers, has been achieved by Liberal policies and administration. The various food contracts between the Canadian and British governments over the past ten years have been an extremely important factor in bringing about greater security and stability for the farmer in this province and in this country.

I wish to conclude by repeating what I tried to stress at the beginning of my remarks. I mean the supreme importance to Albertans of seeing to it on June 27th that this province has an influential voice in parliament during the next four or five years. These coming years will be crucial years for the development of this part of Canada, including our sational park areas. All Albertans, but particularly you in this part of the province should shade in the prosperity created and increased by Liberal policies of development and expansion.

My very best political judgment, based on some little experience and on the strength of all the reports I have received during this campaign convince me that the Liberal party will not only be returned to office at Ottawa under Prime Minister Louis St. Laurent, the Liberal government will be returned with a clear working majority over all opposition groups combined. Therefore I want to urge you to send Jack Welbourn to Ottawa to represent this riding and to help represent Alberta properly where and when national issues are being decided.

In Mr. Welbourn you have a man who knows this constituency from one end to the other, as few know it. He is a man of deep Liberal convictions. He has the sound outlook of a practical, reasonable man. He is the type of representative who can make a very useful contribution at Ottawa in the interests of Jasper-Edson and of the country generally.

I am confident that the people of this riding, after too many years in the wilderness of opposition, will decide enthusiastically on June 27th to be on the right side for a change and decisively elect the Liberal candidate Mr. Welbourn.

SANGUDO NEWS

SANGUDO. — The shower for Miss Helen Liss held here on June 9 was very successful. About 30 ladies were present, each one presenting the bride-to-be with many beautiful gifts, among them being a lovely table lamp, a china set from Perrin's store, and some very fine linens.

Miss Liss is to marry Mr. "Buster" Ivanhoe, engineer with Imperial Oil Ltd., who is at present attending Taft University in California, where the couple will reside.

OIL FIRMS PLAN FIVE PIPELINES

One of the main problems faced by oil companies is to get their product from the fields to a refinery, to transportation and to markets.

With limited facilities available, oil companies in Alberta have turned to pipelines to ship their oil where it is needed. Four companies have announced plans to build pipelines across the country to ship oil or gas.

The federal Board of Transport Commissioners, which hears applications on pipelines, has approved one inter-provincial line and has three more to be studied on its agenda.

Last week the Board gave the go-ahead signel to Interprovincial Pipe Lines Company for construction of a crude oil pipeline between Edmonton and Regina.

A subsidiary of Imperial Oil, the company has to complete the line on or before October 31st, 1951.

Other pipelines projects scheduled for future:

(1) A gas and oil pipeline from Athabasca to Vancouver by Westcoast Transmission Company will be shelved until a special session of the Alberta legislature July 4th, passes legislation on the gas export question. Estimated cost of the line: $175,000,000.

(2) A pipeline from Calgary to Trail, B.C., to the United States border, also by Westcoast Transmission Company: no date set for hearing.

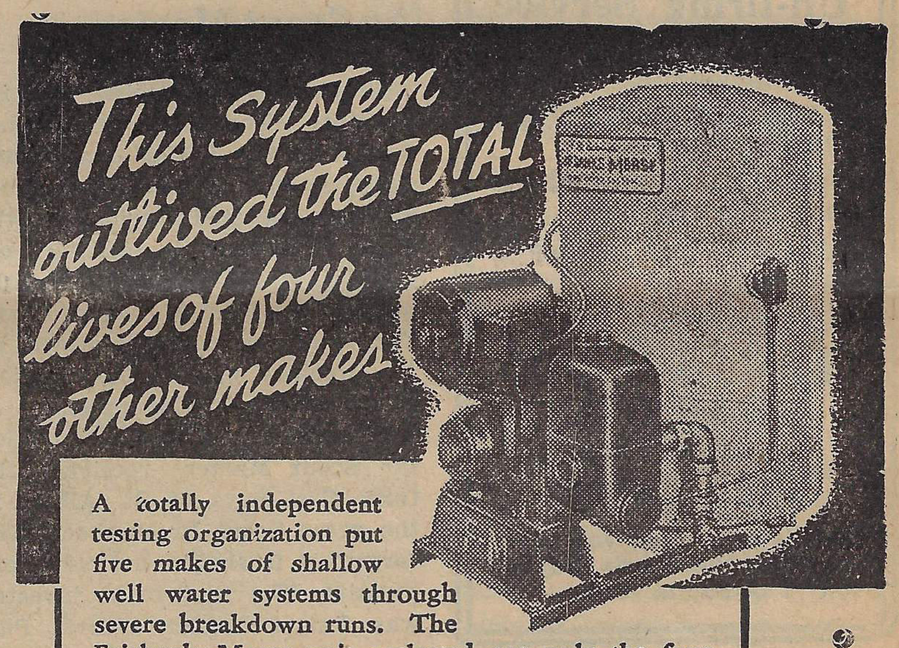

(3) A pipeline from Calgary to Winnipeg by the Western Pipeline Company: hearing scheduled for June 30th.

Villagers Protest Tax Levies

SANGUDO. — After being in operation since the incorporation of the village in 1937, the single tax system of Henry George is meeting with formidable opposition in Sangudo. While levies were low, discriminations between the lower and higher brackets were not sufficiently apparent to arouse concern, but as they increased the smaller taxpayers felt that they were bearing more than their share of the tax burden.

This year's levy of forty per cent (400 mills) so aroused the taxpayers that the mayor was requested to call a meeting for the purpose of discussing the problem of taxation. The meeting, held on the evening of April 7, was by far the largest of its kind yet held in the village.

Two strong representative committees were set up, the one to see if something could not be done to halt the rapidly mounting tax demands. The other to see if a more equitable system of levy could be devised. Both committees are to report to a ratepayers' meeting at Sangudo on June 21.

A totally independent testing organization put five makes of shallow well water systems through severe breakdown runs. The Fairbanks-Morse unit outlasted not only the four others individually, but actually the *total* of the other four combined.

FAIRBANKS-MORSE

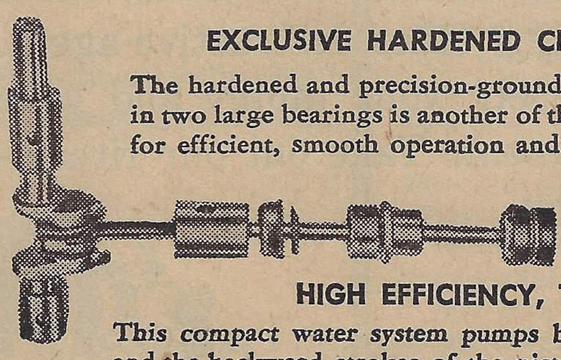

SHALLOW WELL WATER SYSTEMS

For lifts of 22 feet or less

SELF-OILING • DOUBLE-ACTING • SELF-PRIMING

A water supply system is an important investment, both in dollars and in the service which you should get from it. You want to get the full supply of water you need, and to have it as many years as possible without breakdown. Every Fairbanks-Morse unit carries a tag showing, not just the rated capacity, but the actual delivery of water to the tank, certified by an independent laboratory.

The unit illustrated supplies 250 gallons per hour, but larger sizes are available delivering up to 580 gallons.

EXCLUSIVE HARDENED CRANKSHAFT

The hardened and precision-ground crankshaft, running in two large bearings is another of the important reasons for efficient, smooth operation and prolonged life.

HIGH EFFICIENCY, TOO

This compact water system pumps both on the forward and the backward strokes of the piston assuring smoothness and equalizing the load on the motor. This gives still greater efficiency and longer life.

- WANTED -

ALL YOUR OLD SHOES to be rebuilt into handsome, comfortable footwear to give you miles of carefree walking service. Send them to CORONA SHOE RENEW, 10756 Jasper Ave., Edmonton. C Jy10-tf

SKINNY MEN, WOMEN! Gain 5 to 15 lbs. New pep, too. Try famous Ostrex Tonic Tablets for double results; new healthy flesh; new vigor. New "get acquainted" size only 60c. All druggists.

YOUNG COUPLE would consider employment in a village away from Edmonton. Both have 15 years experience and bookkeeping experience, both bilingual. Furnished living accommodation expected. References. Write to this paper, Box 24, Edmonton.

CITY BEGINS REVALUATION OF PROPERTY

City assessers have re-valued 1,500 homes in Edmonton as part of a complete two-year reassessment program.

Residential areas have been inspected first on the list because this work can be done easily during the summer months. Nearly 2,000 homes have been inspected in less than a month, according to city assessors.

Objective of the revaluation of property in the city is to line up a taxation basis in proportion to actual building costs in Edmonton during 1944 and 1945. Present assessments are based on 1934 costs.

Steps have been taken to improve valuation of property. In the past poor or inaccurate assessment of property and buildings has resulted in unequal taxes in similar areas.

WEAR AND TEAR

To avoid past mistakes city assessors are studying depreciation (i.e., wear and tear) on buildings on the basis of type of building and year of construction.

A special manual has been prepared to show appraisers basic principles and methods of assessment.

Mistakes in estimating values and depreciation will still continue to crop up from time to time, but the new revaluation program will bring Edmonton's property picture up to date and iron out a lot of rough spots in the tax base.

Skinny men, women gain 5, 10, 15 lbs.

Get New Pep, Vim, Vigor

What a thrill! Bony limbs fill out; ugly hollows fill up; neck no longer scrawny; body loses half-starved, sickly "bean-pole" look. Thousands of girls, women, men, who never could gain before, are now proud of shapely, healthy-looking bodies. They thank the special vigor-building, flesh-building tonic, Ostrex. Its tonics, stimulants, invigorators, iron, vitamin B_1, calcium, enrich blood, improve appetite and digestion so food gives you more strength and nourishment; put flesh on bare bones. Don't fear getting *too* fat. Stop when you've gained the 5, 10, 15 or 20 lbs. you need for normal weight. Costs little. New "get acquainted" size *only* 60c. Try famous Ostrex Tonic Tablets for new vigor and added pounds, this very day. At all druggists.

Hams To Test Continent-Wide Radio Hookup

Last summer when raging flood waters in British Columbia swept down communication lines, army signallers and amateur ("ham") radio operators kept flood areas in contact with the outside world.

Radio hams, often operating with home-made sets have kept communications open in emergencies when normal channels have failed.

This week northern Alberta ham radio operators will take part in a continent-wide scheme to test the ability of the amateur radiomen to keep communications open in an emergency.

Two groups of hams working out of Edmonton will take small portable sets, driven by gas-driven generators, to isolated areas. There they will attempt to contact other field groups operating under similar conditions throughout the United States and Canada.

On a 24-hour competitive basis, the field groups will be awarded points issued on the basis of stations reached during operation and power of the units operating.

Picnic Day June 30

COSMO.—There will be a picnic at Cosmo school on June 30.

HAVE YOU SUBSCRIBED TO THIS PAPER YET?

UNITY BEGINS WITH YOU..

Make your ballot count for a strong, united Canada under the leadership of Rt. Hon. Louis St. Laurent

VOTE FOR GREATER SECURITY *for you and your family*

INDIVIDUAL SECURITY — Employment, trade, income are all at new high levels. Taxes have been reduced. New factories, new developments of oil, mineral and other natural resources are creating more wealth, more jobs.

SOCIAL SECURITY — The Liberals have put through all these social benefits: Old Age Pensions, Pensions for the Blind, Family Allowances, Hospital and Health Grants, Unemployment Insurance, Floor Prices under farm products. The Liberal aim is nation-wide contributory old age pensions and contributory health insurance.

NATIONAL SECURITY — The Atlantic Pact against aggression and war has the complete support of all Liberals. Rt. Hon. Louis St. Laurent was one of its first and strongest advocates. Canada stands united and ready, in cooperation with other democratic nations, to do her part in building peace and security.

SAFEGUARD YOUR SECURITY, YOUR STAKE IN CANADA'S FUTURE

VOTE LIBERAL!

INSERTED BY NATIONAL LIBERAL COMMITTEE

GRASSLAND NEWS

GRASSLAND. — Mr. and Mrs. Walter Tiedemann are the proud parents of a seven-pound baby girl.

The fire on the Athabasca north of here is again out of control, and additional fire-fighters have been rushed to the scene.

On Monday last an enjoyable time was had by all at Van's carnival. In spite of the unpropitious weather the rides and games were well patronized. A dance was held in the evening.

Mr. Orvis Kennedy, with Mr. Pierce, was doing a little electioneering in the district on Monday. He and some of his friends were instrumental in saving from fire the home of Mr. Fedoriw, north of Grassland.

On visiting the latter's farm, they discovered the barn on fire. By dint of hard work they managed to keep the blaze from reaching the house. Their efforts included moving a lumber pile and the forming of a bucket brigade to save a row of granaries which was dangerously near the house.

As nobody was at home at the time of the fire, it was fortunate indeed that Mr. Kennedy happened to be on the scene.

Mr. Walter Ilnicki is now at Norman Wells.

On June 14 Mr. B. R. McKenzie was married to Miss Frances Smith. The ceremony took place at Ponoka. Miss Smith was formerly district nurse here. Mr. McKenzie recently obtained a divorce from his first wife.

A pretty ceremony took place at the Anglican Church at Grassland on June 15, when Miss Grace Putnam and Rev. Allin Howes were united in marriage. Ven. Archdeacon Little officiated.

The church was tastefully decorated for the occasion.

Mr. and Mrs. Con Semeniuk were visitors at the home of the Semeniuks here at different times last week and took Bonnie home with them to Big Valley.

The following children have been operated for tonsils at Lac la Biche: Grant Coverly, Shirley Derko, Gladys Duniec, Gracie Homeniuk, Walter Yekowchuk.

Mr. Dutchak has returned from Rochester, greatly improved in health after his operation.

Mr. and Mrs. Steve Luchka were seen at Skeleton Lake on Sunday.

Mrs. Bezmiski, the former Doris Davidiur, is visiting her parents here.

A wedding has been arranged, to take place on June 30, between Miss Ann Matoga of Spruce Valley, and Mr. Francis Zak of Grassland. There will be a wedding dance at Grassland on July 3.

Mr. Romeo Hurtubise has returned home after visiting his numerous children and grandchildren. His trip extended as far as New Westminster, B.C.

Mrs. Ted Warner, the former Fay MacDonald, has joined her husband here. They are at present making their home with Keith MacDonald.

The following, imbued with the true community spirit were working at brushing and cleaning up the cemetery last week: Joe McKenzie, Ira McKenzie, Bruce Kritze, Meredith Guy, Walter Walker, Bert Putnam, George Chaplin.

A most successful picnic was held at Green Pine West on Sunday. In a ball game, Green Pine beat Prosperity.

Local Oil Well Soon Completed

REDWATER. — Drilling operations continue in Redwater on the ball grounds. Very soon it is expected that drilling will be completed.

Every evening spectators visit and on Sundays hundreds of people journey to Redwater to see new developments which are almost unbelievable how quickly they progress.

In Redwater a daily scene is busy hammers keeping building continuing in every part of town. Hundreds of men are employed only in the building program.

On the north side of town it is almost impossible to purchase a lot. Every available piece of land has been taken up for various businesses. Thirty and forty foot lots are selling for as much as $1000 to $1500.

Victims of Highway Crash Improved

MORINVILLE. — Reports from Royal Alexandra hospital in Edmonton early this week indicated the six victims surviving the recent head-on collision on the Morinville-Edmonton highway are "slightly improved."

The tragic accident which claimed two lives occurred on the St. Albert-Morinville highway, three miles south of Morinville.

Hospital officials say all are responding to treatment. None are in serious condition.

Killed were Mrs. Sadie Galbraith, of Colinton, and Vincent Delancy, 18, a hired man on the Galbraith farm.

Weddings

MORINVILLE. — On Tuesday, June 14, Simone Ricard became the bride of Julien Bowen. The bride was lovely in a floor-length gown of white satin with long veil. She carried a bouquet of roses.

The bridesmaids, Theresa Ricard and Stella Ricard wore long dresses of rose and pale pink with pink chapel veils.

The groom was attended by Marcel Ricard and Herbert Lamareau.

WASKATENAU NEWS

WASKATENAU. — On Friday, June 3 Elnora Pihowich, Elaine Fowler, Natalka Melnyk, Emily Sawchuk, Duncan McKay, Joyce Kobrinko, Jean Fowler and Victor Feschuk attended the graduation banquet and dance held at Smoky Lake. All said they spent an enjoyable evening.

The Massey-Harris FERTILIZER DRILL

The latest in Massey-Harris Drills is for sowing grain and fertilizer.

High grade steel gives it light yet strong construction. The boxes have steel lids and ends and both grain and fertilizer boxes have large capacity, the fertilizer box being at the back where it is convenient for refilling. Grain and fertilizer drives are powerful and positive.

These drills can be had with hoes or discs in 9, 11, or 13 run sizes.

CHERHILL NEWS

CHERHILL. — There will be a Community Legion picnic at the picnic grounds, June 19, at Cherhill.

Cherhill — and districts! There will be a Seed Growers' Co-op picnic held June 22, at Alberta Beach. This picnic is for all members and their families, from all the immediate surrounding districts.

Mrs. Docklek, wife of Mr. Carl Docklek, of Cherhill, is in an Edmonton hospital, being treated for varicose veins. Mrs. Docklek underwent an operation that was not a total success a little while ago. Now she is expected to undergo another one. Let us hope the operation is a success now. She is a fine woman and member of our community for over 16 years.

The rhythmic clitter-clut of the well drilling machine owned and operated by Syd Ayois is now a familiar sound in the village. He has tapped the precious liquid on the property of W. Bohn, local blacksmith, also on the Co-op store lot and is now going down on hotel land. There have not been any stakes claimed or shares bought, however. No—it isn't oil, folks—just clear, cool water!

Mrs. M. Stromquest is attending the postmasters' convention for the 14th time. Mrs. A. Thrasher and Mona are in charge of the post office during her absence.

Mrs. K. Dockalek is a patient in the Misericordia hospital, Edmonton.

Mrs. R. Hughes spent a few days in Edmonton this week.

Leaning over the garden gate we observed Mary Brown dashing down Main street with a coupla telegrams;

Walter Carstairs, Jr., striding behind a mowing machine raising a cloud of grass while shaving Geo. Hanson's front lawn;

The Hughes brothers transforming a bunch of bits and parts into a beautiful farm machine;

Mrs. Ben Kallis gazing proudly at one-year-old Linda walking by herself;

Mr. Brown fixing a sad old sidewalk into a new one just right for a good tap-dance;

Tom James helping Mona carry mail bags over to the depot;

Karel Dockalek bending down to whisper sweet nothings in the ear of 'Howdy Bob" his little brown dog, and a minute later said dog chased two cats up a tree—wonder what he whispered?

Mrs. Emil Kuzik entertained a few friends to lunch and tea last Wednesday afternoon. Among the guests present were Mr. and Mrs. Pat Hayes, Mr. and Mrs. H. Lancaster, Mr. and Mrs. I. Vik, Mrs. W. Bohn, Mrs. W. Carstairs, Mrs. Stromquest and Mona and Mr. and Mrs. A. Nealon.

About 30 members of the CCF attended a banquet held at Cherhill Hotel last Tuesday evening. Elmer Roper of Edmonton was present, and Harold E. Bronson who will run for the coming election.

Mrs. Nellie McLeod, James and Robert Ryder had a busy time enumerating for the district.

We are sorry to learn that Rev. G. Tuttle of the United Church will soon be leaving the district.

Joe Geisinger has given his pool hall a nice coat of paint.

Andy Lysarhok has painted his dwelling north of the garage.

Harry Klepadlo, one of our young veterans, motored from Toronto to visit his home and family here. He brought a pretty, new wife along and says it is their honeymoon trip. He is employed by a jewellry firm and as Harry was badly injured on active service we are very glad to see he has made good.

Mr. Vik, Co-op manager, has recovered from a serious case of flu and pleurisy.

Mr. and Mrs. H. Lancaster spent the long week-end on a car trip to Banff and other points with Mr. and Mrs. J. McClintock of Edmonton.

Mr. and Mrs. Art MacCarahan of Edmonton, spent the week-end in Cherhill.

First picnic of the season sponsored by the Catholic Church Club was well attended on June 5, at the local community grounds.

"A new member of Cherhill's community"—Mr. and Mrs. John Hoyda are the proud parents of a bouncing baby boy.

Redwater now has 60 producing wells, Leduc, 251.

Experience in the Public Service COUNTS

GEORGE DREW

Alderman, Mayor, Provincial Party Leader, Three Times PREMIER OF ONTARIO . . .

Then—

LEADER OF THE OPPOSITION in The House of Commons, Ottawa.

No other national leader can match this record of public service on ALL LEVELS OF GOVERNMENTAL ACTIVITY.

George Drew, more than any other national leader knows that government—to remain DEMOCRATIC, —must remain in the hands of the people. As an alderman he concerned himself with the problems of his ward. As mayor, he worked for a better community. As provincial legislator, he worked in the interests of the people of his constituency. As Premier of Ontario he gave his native province the finest administration in its history . . . George Drew has succeeded as an administrator because he believes in TEAMWORK and CO-OPERATION on all levels of government.

As PREMIER OF ONTARIO he held more cabinet meetings and with greater frequency than any government in Ontario's history. As leader of the official opposition at Ottawa, he brought new life and energy into the House of Commons, and a renewed respect for the principle of Parliamentary Government.

PROGRESSIVE CONSERVATIVE CANDIDATES give wholehearted support to George Drew because they will be Members of Parliament in FACT as well as in NAME. No longer will members be forced to yield all power to bureaucratic cabinet ministers and centralizers and fail to give full representation TO THEIR CONSTITUENCIES . . . Compare the records of George Drew and YOUR PROGRESSIVE CONSERVATIVE candidate with those of other party leaders and candidates.

Your vote on June 27th for your PROGRESSIVE CONSERVATIVE CANDIDATE will mean that *you* will be represented in Parliament by a supporter of A PROGRESSIVE CONSERVATIVE GOVERNMENT under the leadership of George Drew.

ANTI-DUST OILING SCHEME MAY BE SPEEDED ON ROADS

Edmonton's $60,000 street oiling program may be speeded up this summer, according to city civic officials.

Economical, and easy to apply, the street oiling program has brought in increased petitions from residents to have roads oiled. Applied to gravel roads, the oiling reduces dust, gives the road a better surface.

At present, property owners on streets to be oiled are assessed on a two-year basis.

More And More Scientific Cures Improve Humanity

The rapid-fire announcements of new discoveries in the fields of science no longer cause people to stop and stare although many may pause and wonder where it's all going to end.

News of discoveries and wonder drugs in treating diseases always seem to hold more interest to most people, than all the numerous gadgets and mechanical inventions.

The Spotlight reviews some of the latest discoveries in the realm of medicine that will help people live longer and healthier:

* * *

ARTHRITIS REMEDY—A new hormone, called Compound E, extracted from the adrenal glands (on top of kidneys), injected into 29 arthritis victims improved all patients, according to reports made to the International Congress on Rheumantic Diseases at New York this week.

Main difficulty is manufacture of the new compound, but a U.S. drug company predicts that enough will be available for thousands of arthritis sufferers next year.

* * *

HEART REPAIRS—A method of closing down the human heart for as long as 15 minutes to allow surgeons to repair heart valves may be possible in the near future, according to two Cleveland surgeons.

Experiments have been successful with animals and it is expected the heart surgery will be extended to humans to fix up leaking heart valves or obstructions that stop the blood flow.

To perform the operation, blood is withdrawn from the veins, fed oxygen outside the body instead of in the lungs, and then routed into the brain while the heart rests.

* * *

MENTAL DISEASES—A new use for the drug histamine has been reported from Creedmore State Hospital in New York. According to doctors, if histamine is used in connection with electric or insulin shock it improves a mental patient's chance of recovery.

The drug lowers blood pressure, stimulates gastric juices.

Reports indicate that histamine, by increasing the flow of blood to the brain, brings about mental recovery without electric shock treatment—or even—or even hospitalization in many cases.

* * *

SHOCK TREATMENTS—Electric shock treatments which have long been used as a treatment of mental patients and epileptics may have a further use, it was revealed at the American Psychiatric Association conference in Montreal recently.

Electric shock may be a main preventative in suicidal patients, according to doctors. The danger of suicide is usually passed by the time of the third or fourth electric shock treatments, doctors revealed.

"In my own practice suicides have dropped by 80 to 90 per cent (after the treatment)", said one doctor.

Rival Factions Cause Rift in Bible Institute

CALGARY. — A rift between rival factions in the Prophetic Bible Institute, founded by the late Premier William Aberhart, flared into the open following lodging of a complaint with police.

Police were summoned to the religious institution on Calgary's Eighth avenue west by a member of the institute board, who said a number of persons were attempting to force open the doors of the building.

Police found the people endeavoring to gain admittance to the building were members of the Bible Institute Baptist church, which is at logger-heads with the institute board.

Members of the board include Premier E. C. Manning of Alberta, C. R. Pearce and Mrs. William Aberhart, widow of the former premier of Alberta and founder of the Social Credit party in Canada.

Mr. Pearce, secretary-treasurer of the board which governs the institute, said the dissention first arose several months ago when Cyril Hutchinson "took away our own Bible students and staff and formed a school of his own."

The school is the Berean Bible college, which has been holding classes in the institute. The school now is erecting a building of its own.

Mr. Pearce said the Bible Institute Baptist church group had been given notice last April to vacate the institute by May 31.

CONGRESSMEN OPPOSE NEW AIR ACCORD

Scarcely had the ink dried on Canada's new bilateral air agreement with the U.S. than Congressmen were talking of appealing to the U.S. department of state and Civil Aeronautics Board to suspend the new accord.

Basic feature open to objection by U.S. air interests and politicians was the Canadian privilege to extend air services deep into U.S. territory.

AGREEMENT

Signed in Ottawa last Saturday, the air agreement made it possible for Canadian airlines to: (1) make stopovers in Florida on flights to the West Indies, (2) use U.S. airport at Hawaii for stopovers on flights to Australia, (3) establish a direct route from Montreal to New York, and (4) use of two U.S. military bases in Newfoundland.

In return the 6.S. got (1) stopover rights at Gander airport at Newfoundland, (2) stopover rights at Edmonton, (3) direct route to Toronto from New York, (4) direct route from Great Falls, Montana to Edmonton.

PROTEST

The storm of protest from lobby groups in the U.S. was based on three objections to the agreement: (1) that the agreement was one-sided in favor of Canada, (2) too much secrecy had surrounded the negotiations and (3) a U.S. airline representative was prevented from communicating with his colleague in the U.S.

Representative Carl Hinshaw of California said he would denounce the agreement in the house of representatives this week. Other members got together to form a joint resolution to have the air agreement quashed.

SOUTH CITIZENS OPPOSE PROJECT

Citizens of South Edmonton's mushrooming McKernan Lake district last week decided to press objections to further mushrooming growth in the area.

Main objection of a Citizen's Committee was a proposed rezoning of part of the area to allow construction of multiple-dwelling units and a community centre.

A building promoter, Don E. Titus, had planned out a big $1,000,000 community centre, including store and theatre, between 1111 112 streets on 76 avenue.

Complaints by the citizens were based on the opinion that apartments and business blocks would "hasten depreciation of the present residential district."

At last week's meeting Mr. Titus said he was willing to make concessions to the extent that he would exchange the proposed site for land in another "suitable area."

But, as Titus pointed out, there is not likely to be any other such area available for a big project.

Long Wait For West Before Television Arrives

With all the talk and gags about television on the radio and in the newspapers, Western Canadians are beginning to wonder when they will have a chance to see TV in their homes.

In the U.S. and England, television has rapidly expanded to homes of middle-income groups. Television appears to be the main attraction in many U.S. barrooms next to the liquid refreshment sold there.

A survey made of radio station managers in Edmonton last week, seemed to indicate that television would not appear in Alberta until at least another five years.

Canadians at border points in the east within range of U.S. TV stations have had sets installed and can listen in on American programs. But Western Canadians, far removed from the short-ranged TV transmitters would have to produce their own programs.

Some of the problems in installing a television network in Western Canada are:

(1) **License restrictions:** for example, if only one TV license is granted to a city, other radio stations would face elimination. Although some Edmonton stations have not prepared formal engineering briefs for submission to the CBC, all stations said they would apply for TV licenses when the time came.

(2) **Distance:** construction of relay stations will be needed to obtain U.S. programs or relay TV to country points. Theoretically TV is limited by the visible horizon.

(3) **Production difficulties:** As a result of distance problems the West would be dependent on producing its own programs. The cost of producing local programs might be reduced by showing motion pictures specially made for video.

(4) **Costs:** Purchase and installation of broadcasting equipment plus installation of home receivers may restrict development of TV, although most manufacturers believe these costs will be reduced considerable. One eastern Canadian manufacturing company is building mantel sets for $400.

One thing all observers were agreed upon: television, when it does come in on a mass scale will have a big impact on home and social life.

Said one official: "When television is on, no one can read, talk or do anything. We may become a nation of morons."

"On the other hand," continued the official happily, "it may keep children off the streets and the Old Man at home."

But for the time-being at least, the only contacts Westerners have with television will consist of overworked gags on radio and in cartoons, and articles in newspapers and magazines.

Farm and Railway Groups Besiege Transport Commission

In Winnipeg last week a Royal Commission to investigate national transportation found itself right in the midst of pressure groups from the prairie provinces, grain-elevator associations and from the railways themselves.

Juveniles Have Been Sentenced But None Hanged

OTTAWA. — At least three juveniles have received death sentences in Canada in recent years, it was shown in a check of juvenile delinquency records. However, no juveniles have actually been hanged.

Officials delved into statistic after the sentence in Drumheller, Alta., of Clifford Newton, 16-year-old farm hand. Newton was sentenced to be hanged Sept. 8 for the shotgun murder last Dec. 1 of Mary Moore of Rumsey, Alta.

In some provinces, including Alberta, persons are classed as juvenile for court purposes up to the age of 18. In other provinces juveniles are defined as persons under 16.

Available records here showed that in Montreal in 1945, two juveniles, aged 14 and 15, were charged with murder. One was sentenced to hang, but his sentence later was commuted to life imprisonment.

SPEDDEN NEWS

SPEDDEN. — The Ukrainian Orthodox Youth Association will hold a jamboree at Bonnie Lake Beach on July 17. The Spedden candidate for the popularity contest is Miss Mary Matwychuk.

The interior of the Ukrainian Orthodox Church is nearing completion. A new floor was put in by the head carpenter, Mr. Strashok. A fine piece of work, and also a lot of hard labor.

Vilna intermediate baseball team defeated Spedden by a score of 13-12 in a nine-inning game. The winning pitcher for Vilna was William Chuba, right-hander, although he was replaced by the crafty left-hander Lionel Ripka in the 7th. Mike Iwanishyn and Wally Footz handled the mound chores for Spedden.

Spedden high school was visited Thursday, June 9, by inspector of schools for Alberta, Mr. Reeves, and Dr. Baker. The English Two class enjoyed the lecture given by Dr. Baker on the short story. Mr. Reeves stressed some incidents to the psychology class. It gave the students a better understanding on how psychologists work with certain problems at hand.

Thanks to Mr. Reeves and Dr. Baker for their great work in the province as well as at Spedden high school.

Boo . . . to the Spedden Intermediate baseball team for losing their fifth straight game to Vilna by a (should I mention it?) 27-12 score. Come on boys, you can do better.

Pitchers don't depend on the players to win the ball game for you. You must bear down hard and not take it easy as you have done in this game. Boo . . . to you again if you do not win the next game!

Cache Lake is quite an important place now-a-days. Every day you see boats patrolling up and down the lake hauling in their catch of pike and perch. The daily limit is 15 fish. Some pike weigh as much as 15 pounds. In one day it is possible to catch even over 100 fish.

A June 12 frost in the Spedden area destroyed crops and gardens to some extent. This was the first June frost in quite a number of years.

Grade 12 department exams start June 23. Some 11 students from Spedden will write these exams and we hope them the best of luck in passing.

A sports day will be held at Vilna June 23. Some $150.00 will be awarded to winning baseball teams. A grand dance will follow in the evening. Everybody is welcome.

Harry Maybroda is visiting his folks at home. He has been in Yellowknife for the past three years. Welcome to Spedden, Harry.

An annual graduation banquet was held for the first time in Kostash school at Smoky Lake. Murray Jampolski, Billy Footz, Olga and Joe Palowski, K. Kozak, M. Matwychuk, M. Chomiak, Nancy Kruk, Peter Hopchin, Steve Lobay and a few others represented Spedden as graduates.

Obituary

RUTH STOREY

LAC LA BICHE. — Little Ruth Storey, daughter of Mr. and Mrs. J. T. Storey, passed away in an Edmonton hospital, June 11, after a prolonged illness. She was three years old.

The Henry and McBride Funeral Home was in charge of the funeral, June 15.

Grin and Bear It

LAC LA BICHE. — Being together with a Texas outfit the other day reminds us of the story of the Texas farmer on whose land the oil company struck pay dirt or rather pay liquid. The farmer went to town and closed the deal for the sale of a quarter section.

He stayed in town and not being acquainted with the city ways he woke up rather bewildered and thirsty the next morning. He called for a drink and the bell hop brought him a pitcher of ice water.

He emptied it at one gulp and said, "Gosh, if I had known that water tasted as good as that, I would have drilled a well on my farm a long time ago."

And then there is the story of the farmer who took his young son to a high priced cattle sale. The boy watched all the proceedings with great interest. Finally he turned to his father and asked, "Say, Dad, you see that man over there, why does he always go around patting and pinching the cows?"

"He's doing that," said the father, "because he wants to buy a cow and wants to make sure that he gets a good bargain."

A few weeks later when they were home again the boy excitedly called his father who was in the garden, "Come here quickly, Dad, hurry up!" "What's up?" asked his father. "I believe the mail carrier is trying to buy our cook."

FORK LAKE NEWS

FORK LAKE. — Most of the Fork Lake residents were at Lac la Biche last week to attend the T.B. X-Ray clinic.

Lloyd Bennett of Edmonton visited at the home of his parents, Mr. and Mrs. Fred Bennett, for a few days.

Mr. and Mrs. Earl Dawson of Edmonton visited at the Sunderman home over Sunday.

Mr. Martin Halverson has gone to Edmonton for a few days.

Mr. Cecil Davis has sold his farm and is leaving for Spokane. We are sorry to see them go and wish them good luck.

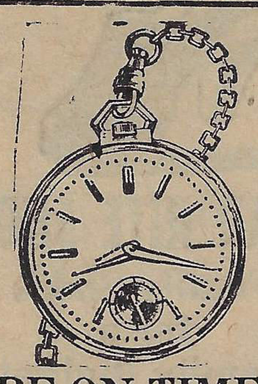

A dance will be held in the Fork Lake school, June 24. Proceeds will go toward the school picnic.

Mrs. Olie Evans went to Edmonton for a week to get her new teeth.

Weddings Galore Around Spedden

SPEDDEN. — Weddings are in the news around Spedden these days. June 11, Katie Klimchuk was married to M. Kurila of Vilna. June 12 another wedding at Bellis, and June 13 Mary Romanchuk was married to John Goruik, teacher of Sokal school.
